

“Aru BD 60 CLASSIC EX” is a simple outward opening balcony door with aluminium clad finish. It is a good choice for a terrace door in frequent use. A low threshold and a handle operated mechanism to fix the door in the desired open position make the door more convenient to use.

If necessary, a weather- and wear proof aluminium threshold can be used.

# AruAL BD 60 NORDWIN CLASSIC EX ISO 9001:2008
