TECHNOLOGIES

climalite 

Light, breathable fabrics worn close to the skin, conduct heat and sweat away from the body to keep you cool and dry in warm conditions.

climacool 

climacool® is a combination of performance fabrics. Open mesh and ventilation channels keep cool air flowing in and heat and sweat flowing out. You stay dry, comfortable and performing at your peak in even the most heated competition.

climawarm

climawarm™ is lightweight, breathable insulation that keeps you dry and comfortable in cold weather conditions by using densely woven synthetic fibers to trap warm air close to the skin. While these fibers are dense enough to trap air, they are spaced far enough apart to easily allow heat-sapping sweat to escape through evaporation.

techfit

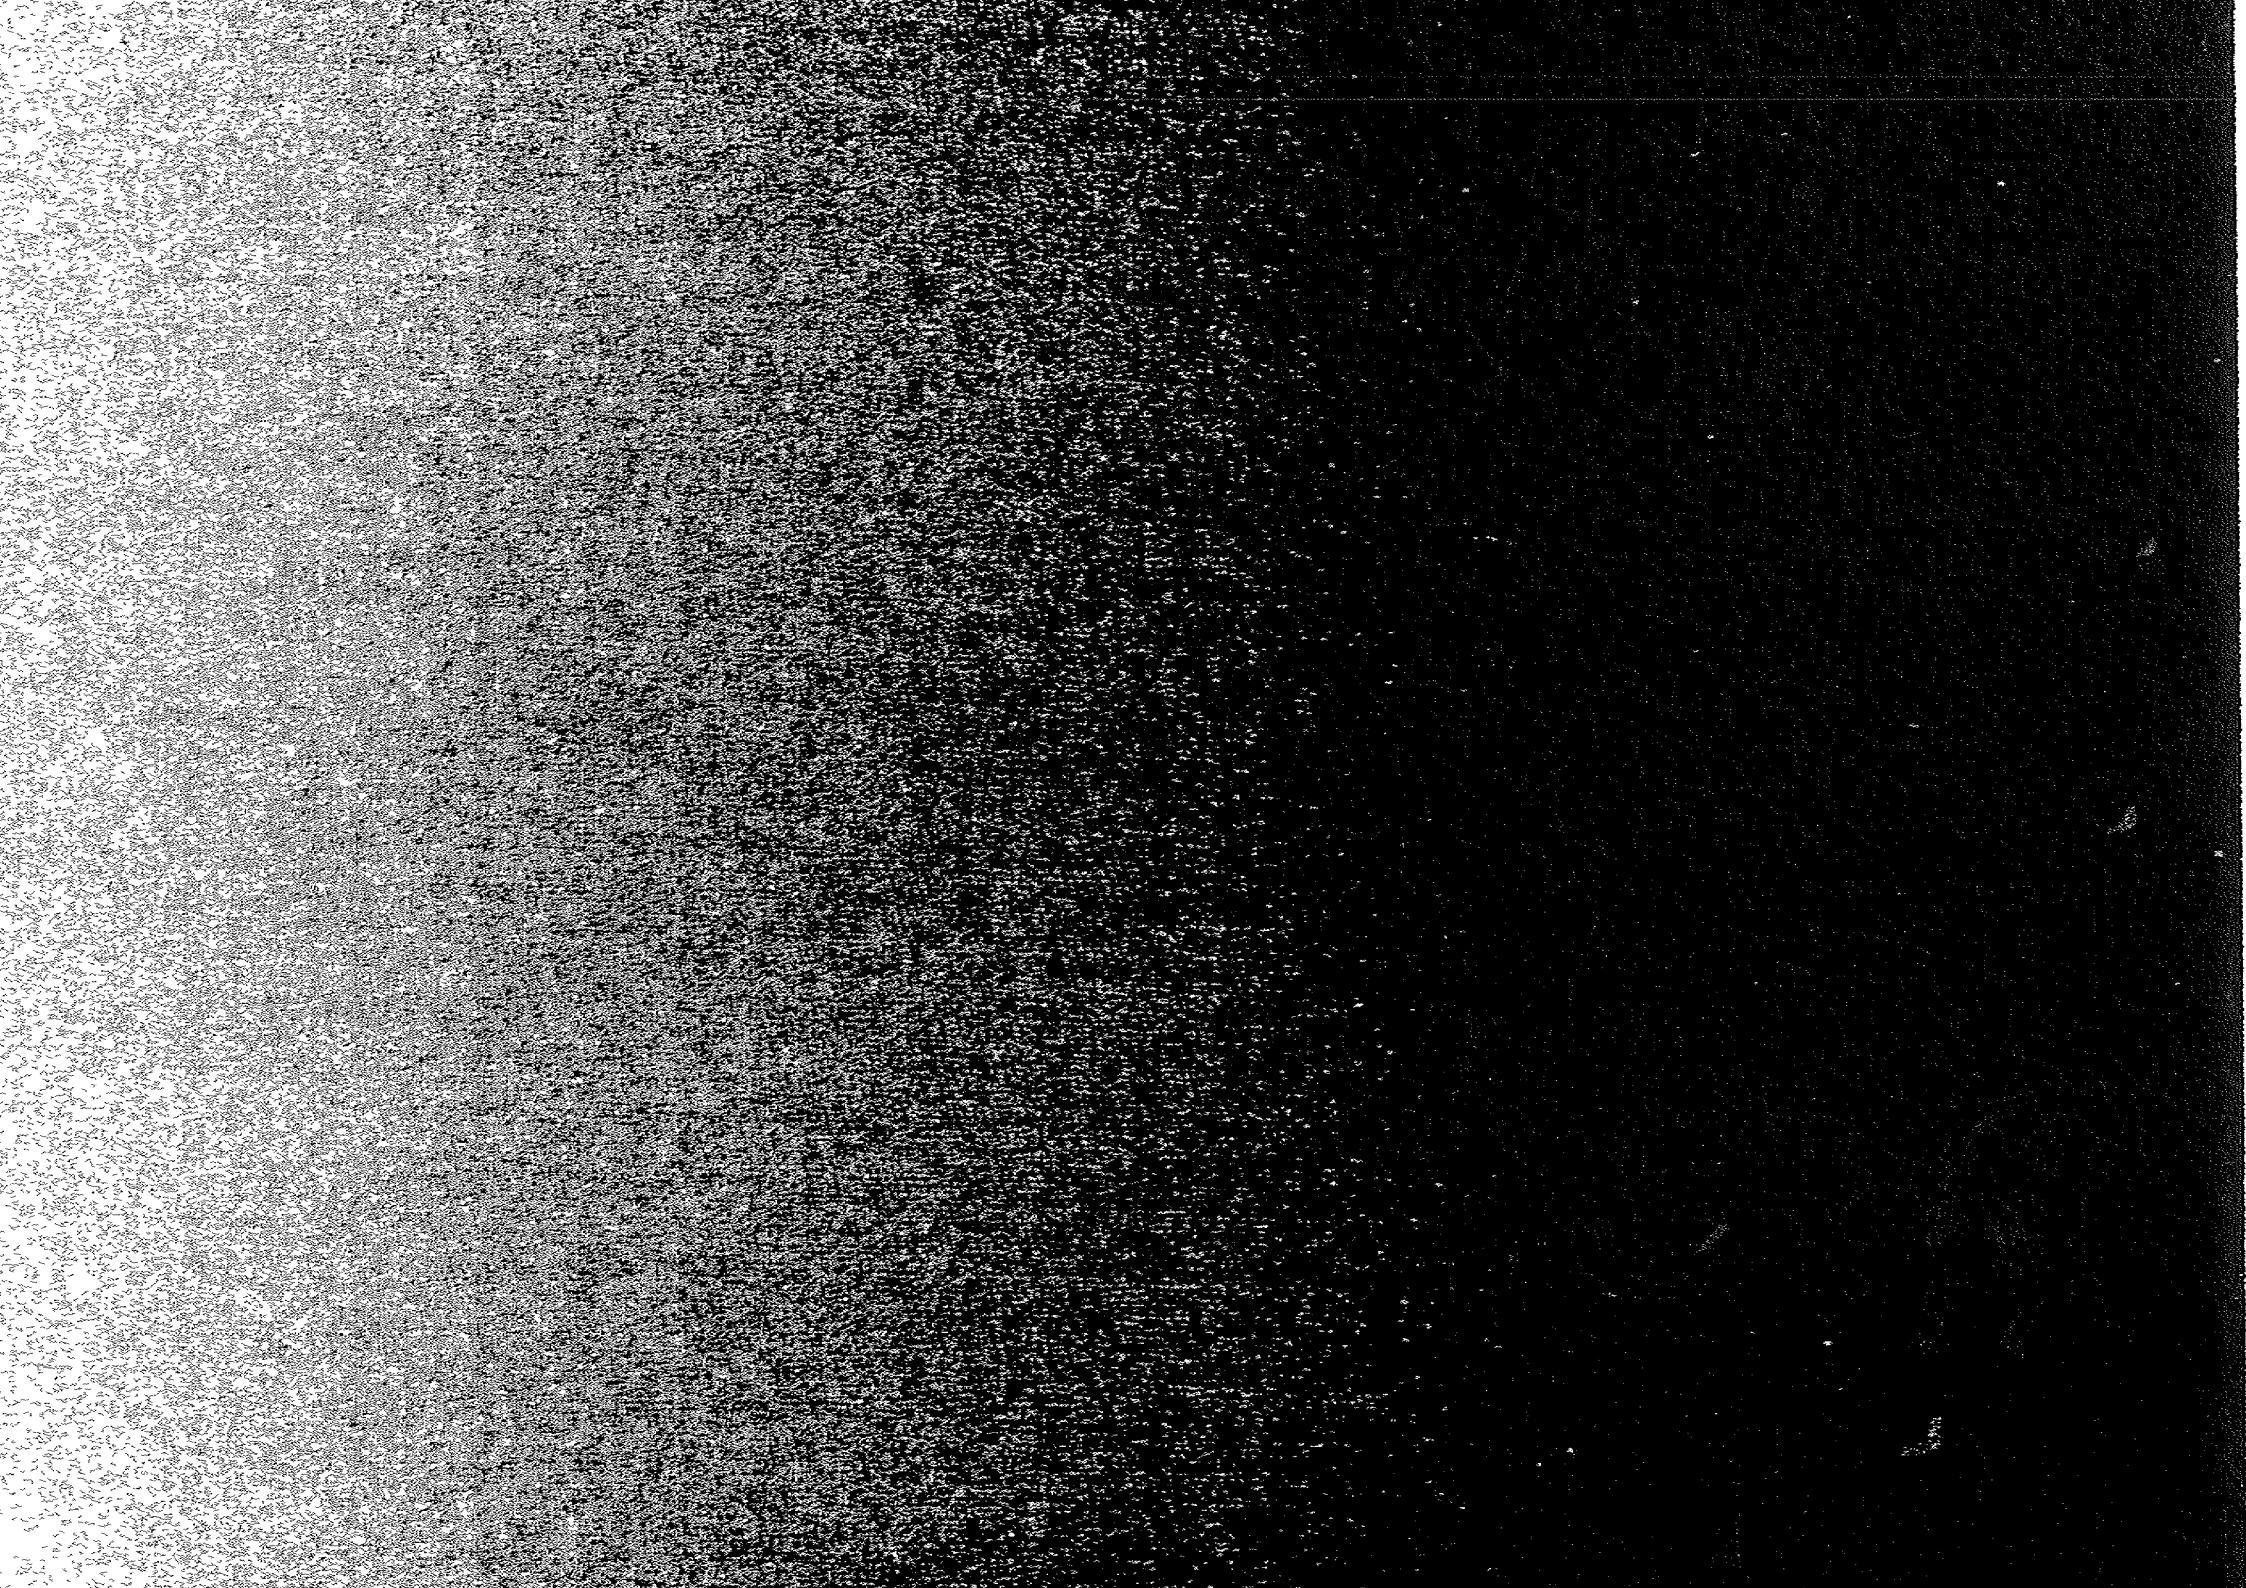

Designed to support your muscles and movement, giving you the ultimate edge. TECHFIT™ POWERWEB generate explosive power, acceleration and endurance with advanced fabric technology improving blood flow, oxygen delivery and recovery time. Whether you're warming up, bursting through the defence or getting up to head the ball, TECHFIT™ is proven to enhance your performance at every turn.

adizero

adizero represents a design philosophy, steeped in a hand crafted tradition of attention to the finest detail. Performance is about more than being light; every product focuses on a superior fit and feel which translates to energy efficiency, helping you run faster and further.

FORMOTION®

formotion™ is 3d engineered to increase freedom of movement at every stage of the game from kick-off to final whistle. compression fabrics follow the contours of your body for a better fit, enhancing muscle activity and giving you greater comfort while in motion.

A soccer goalkeeper in a green kit is shown in a dynamic, diving pose against a solid green background. He is reaching upwards with his hands, attempting to catch a soccer ball. The goalkeeper is wearing a green long-sleeved jersey, green shorts with a red waistband, green socks, and green cleats. He is also wearing orange and white goalkeeper gloves. The soccer ball is visible in the upper left corner. The Adidas logo is visible on the goalkeeper's jersey and on the soccer ball. The overall scene is captured in a high-action, dramatic style.

A full-page advertisement for Adidas referee kits. The background is a dark blue gradient. On the left, there is a large, semi-transparent image of a referee's kit, including a long-sleeved shirt and shorts, with a soccer ball partially visible. On the right, a man stands in a complete blue Adidas referee kit, holding a white and black Adidas soccer ball. The word 'REFEE' is written in large, bold, white, sans-serif capital letters across the center of the image, with 'REFEE' on the top line and 'REE' on the bottom line.

A photograph of two men in athletic wear on a grassy field at sunset. The man on the left is smiling and looking down at his hands, wearing a black Adidas t-shirt with blue accents. The man on the right is also looking down, wearing a similar t-shirt. The background shows a blurred field and buildings under a warm, golden light. On the far left, there is a vertical graphic element consisting of black and white vertical lines and a diagonal white line.

A photograph of two men standing outdoors. The man on the left is wearing a black Adidas t-shirt and black shorts, smiling. The man on the right is wearing a black Adidas windbreaker jacket and blue athletic pants, also smiling. The background consists of a brick wall on the left and a dark, possibly metallic, wall on the right. The lighting is dramatic, with strong shadows cast on the brick wall.
