Leinonen Bulgaria

Advisory Services

Our services

Leinonen Group is an **accountancy and advisory company** with international and Eastern European knowledge and experience. Between our 13 offices we may be found in the capital cities of 11 countries – Finland, Estonia, Latvia, Lithuania, Poland, Bulgaria, Hungary, Russia, Ukraine, Sweden and Norway.

Having more than 25 years of experience internationally we create and assist in managing accounting and tax policies for our clients who are business start-ups, companies with a great history as well as those listed on international stock exchanges.

One thing unites our clients – passion for their business.

We put emphasis on communication between our customers and personnel as well as personal service. Our intention is to give to every customer **full support** of a large international accounting and advisory company **while maintaining the personal touch** of a friend who cares of your business development.

Our daily activities:

- meeting **foreign investors** to explain Bulgarian legislation and tax peculiarities and helping them to optimize tax burden
- contributing to identification of financial benefits and risks to **CEOs** and **finance directors**
- helping to solve **accountants'** inquiries
- introducing the latest tax practices and helping to apply them

**Experts
at your service.**

Tax advisory

Leinonen Bulgaria offers a wide range of professional Tax Advisory services. Solving challenging issues for the benefit of our customers is a natural part of our international

business. All requests are appreciated and actual advisory and consultation projects are always thoroughly negotiated on a case by case basis.
