

Dear Members of the Brass City Charter School Community,

I am sharing with you our plan to return to school for the 2020-2021 school year. The one thing we know for sure is that the future is uncertain, and plans are subject to change. As we engaged in many conversations to develop this plan, we always returned to our first priority – the health and safety of our entire community. Per state requirements, we will allow all students the opportunity to return to school this fall. That being said, we will offer a remote program for those who choose to remain at home. Our program will be designed so that there is easy transition from school to home if circumstances change.

The success of the year is dependent on our collaboration. We promise you a student focused, flexible program that will provide the rigorous learning experience that is the hallmark of our school. More than ever, we will rely on the support of all our parents/guardians to work side by side with their children to ensure consistent and engaged participation whether in the physical classroom or at home. It is critical that students continue to experience academic growth as we enter a new school year. In these challenging times, now more than ever, we must all work together towards that common goal.

Of course, everyone is concerned about specific health and safety protocols that will be in place to ensure that the buildings and classrooms are clean and disinfected. We will absolutely follow all public health and CDC guidelines. Details are contained in this plan.

I believe that we will have a productive year as we move forward together - **BCCS STRONG!**

Dr. Barbara
