

HOW TO GET AROUND?

ARRIVING VIA TALLINN AIRPORT:

The **buses** to Tartu depart in every full hour (and, in some cases, even more often). The travel time between the two towns is approximately 2 hours and 20 minutes (180 km). Note that this only applies to the buses departing at full hours (the LUX Express buses). The Map of the Airport (LENNUJAAM)

Bus stop in Tallinn Airport

The buses leave from Tallinn Airport (Tallinna Lennujaam) to Tartu Bus Station (Tartu Bussijaam). The bus stop at the airport is located just outside the ground level exit. The stops for inner city (if you would like to start visiting Tallinn first) lines are situated outside the ground level exit as well. The tickets can be purchased 15 days in advance via online:

Alternatively, they can be bought on-site from the bus driver or ticket machine (if you have enough time, we recommend the latter option). In this case, there might be a slight chance that the buses are sold out.
