

## TECHNICAL DATA E-PRO ECONOMY DROP-IN UNITS

### Drop-in warm keeping plate

The E-Pro drop-in unit range offers all the equipment needed for a complete and effective self-service line. The top quality units, sized to take GN containers, are compact in size and come equipped with a separate digital control panel.

#### GENERAL

- E-Pro drop-in tempered glass warm keeping plates are designed for food service use and maintaining hot food temperature
- The separate control panel has a connector and is easy to install
- There are plenty of accessories available, such as different types of over shelves

#### PERFORMANCE

- The digital control panel features an on/off switch as well as a separate temperature display for each heating element
- The temperature can be adjusted between +60 and +90°C
- The warm keeping plate range includes two different sizes compatible with GN 1/1 containers

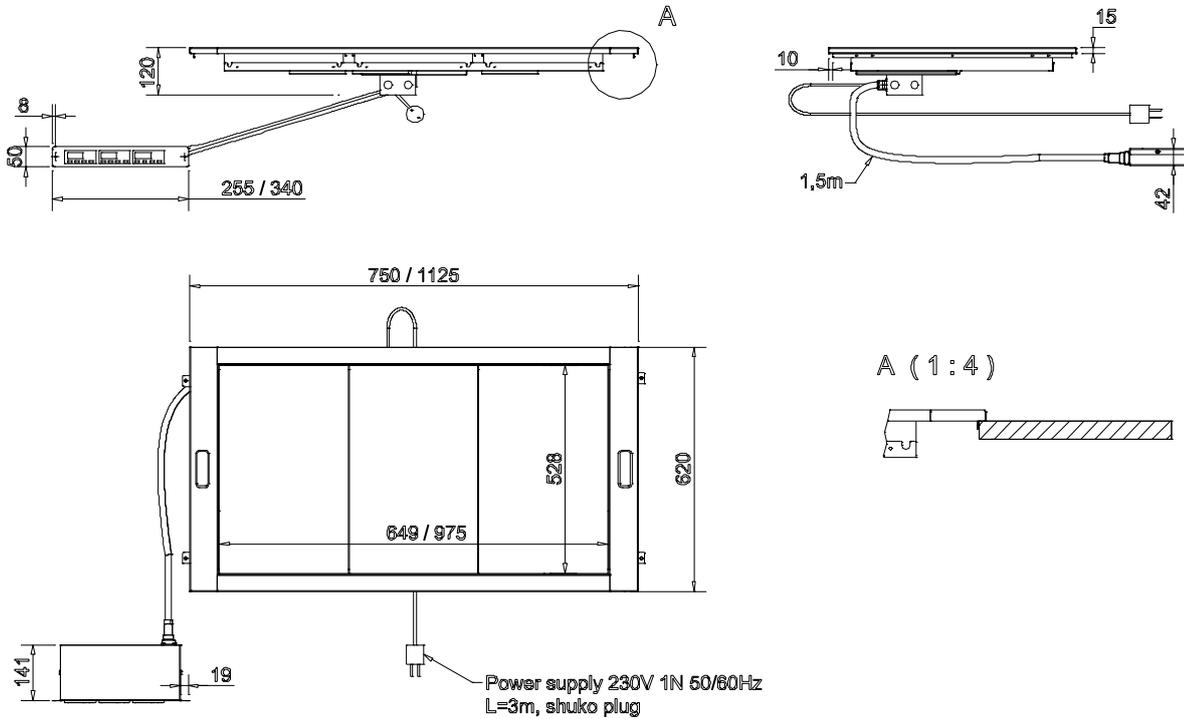

#### TECHNICAL FEATURES

- The units are fitted with a 3m and the control panel with a 1,5m power cord
- All heating elements are equipped with an overheat safety thermostat
- Material tempered glass and stainless steel
- All E-Pro drop-in units are CE marked
