

# LOCATE YOUR TEAM MATES WITH CYALUME ARMBAND

## Cyalume **Armband**

### EFFICIENT PERSONNEL MARKING DEVICE WITH IR BAND

- Infrared band incorporated and centered along the armband
  - Adjustable with self-fastening straps and clamping system with plastic buckle
  - Available in fluorescent yellow, fluorescent orange, fluorescent green, blue, red, white
  - Possible customized marking of the IR band with 1 to 3 color(s)
- To locate personnel and make distinction between different teams being involved in the same operation
  - Improved visibility thanks to armband's color & IR band visible night & day
  - Possible use of armband on each arm for faster identification of each team member
  - Ideal for close quarter combat operations to recognize team members fast and effectively

**FAST and EFFECTIVE TEAM MEMBER IDENTIFICATION**
