

CERTIFICATE

for the company

SIA "CEWOOD"

For a thoughtful and sustainable approach to electricity consumption - using 100% renewable electricity produced in Latvia for its operation.

This certificate confirms that the consumed electricity is produced in an environmentally friendly way using only renewable energy resources - biogas, solar, wood chips, hydro and wind.

Validity period of the certificate: 01.07.2024. – 31.06.2026.

Jānis Bethers
SIA VIRŠI Renergy Chairman of Board
