

“Flavours of Estonia” food sightseeing tour on 18.08.12

Hello Paul

I've just left a review on Tripadvisor for our Flavours of Estonia tour on Saturday - we had an amazing evening and were really wowed by the food and drinks, but I just wanted to say that Heidi (not sure if I have spelled her name correctly...) our guide really made the tour exceptional. She was so friendly and well-informed about Tallinn past and present. Please pass on our thanks to her for a great evening.

Best regards

Gillian Pegge

Anu-guide was amazing. She knew so much of everything and remembered every little details and dates and years. She has an excellent vocabulary in finish. We had very interesting and many-sided tour in Tallinn. I enjoyed. Thank you.

“Medieval Tallinn” food sightseeing tour - feedback and thanks!

Dear Mr. Paul Toots,

(16.12.2012)

We would like to thank you and Mrs. Heidi Rannik for a great time in Medieval Tallinn.

The highlight of our tour was Mrs. Heidi Rannik. It was a pleasure to meet a local resident who was also so eager and professional.

Mrs. Rannik has taught us so much about the city, its history, culture and its inhabitants; but moreover, we have enjoyed her company, to an extent that will make our visit in Tallinn one which we will always remember! It was an experience of a life time, and for that we are grateful.

Mrs. Rannik added to every detail of our tour a both professional and magical touch. Please convey to her our gratitude and how happy we were to meet her and how beautiful and amazing the tour in the old town had been.

We hope to repeat this experience when we visit Tallinn again, and that is something we both look forward to

Thank you, again, for a great adventure

Edan Laron and Jordan La-Vie.

Здравствуйте, Уважаемый Господин Paul Toots! Огромное спасибо за тур "Вкусы Эстонии"!!!!

Очень хочу оставить отзыв о своих впечатлениях о туре "Вкусы Эстонии". (3.01.13)

Начну с того, что бронирование тура было удивительно легкой процедурой (я не очень "дружу" с интернетом, хотя в этом и стыдно признаваться). Бронирование было 16 октября, а тур состоялся 3 января. Для меня была очень удобна и форма оплаты (гиду при встрече), т.к. на момент бронирования не было ни визы, ни билетов, ни полной уверенности в поездке. Т.е. при другой форме оплаты я на бронирование не решилась бы. Описание тура на сайте полностью соответствовало его живому воплощению.

Я бронировала индивидуальный тур на двоих и для меня это был первый опыт индивидуального тура. Безусловно, определяющую роль в результате играет гид! Наш гид, Николай, создал непринужденную и интеллигентную атмосферу, а город дополнил ее волшебными пейзажами! Николай встретил нас в отеле точно в срок. Более чем 4х часовая прогулка по городу пролетела совершенно незаметно. Таллинн - удивительный и любимый мною город - благодаря нашему гиду открылся с неожиданных арт-кулинарных сторон. Мы побывали в интересных и вкусных местах, посмотрели на город с "личной" смотровой площадки и, что не менее важно, узнали о прошлой и современной жизни Эстонии и Таллинна от живого (в прямом и переносном смысле этого слова) человека!

Теперь я знаю зимний Таллинн на вкус, цвет и запах:

- вкус - глинтвейн (от "Luscher & Matiesen") и луковое варенье (от "Vertigo Gourmet"),
- цвет - молочно-бежевый (десерт Кама, правда это было уже вне тура) и лососево-салатный (восхитительное блюдо в "Глории"),
- запах - капуста (на Ратушной площади) и вновь глинтвейн (от "Luscher & Matiesen").

В последующие дни мы зашли и в "Fish & Wine" и в "Vertigo Gourmet" и в "Luscher & Matiesen" и снова насладились вкусами Эстонии! И, даже, увезли частичку (довольно тяжелую) с собой в Питер!

Я еще раз хочу сказать слова огромной благодарности всем кто придумал и воплотил этот тур в жизнь, лично Вам, Господин Paul Toots и, конечно, нашему гиду - Николаю!!! С уважением Анна Нейштадт.

Dear Paul,

Thank you for organizing our medieval food tour. We had an absolute blast and loved the guide. She made our day so special. The food, fun, facts, and fellowship in Tallinn has us all looking forward to a return visit with Iveta. Please tell the guide we said thank you for making Tallinn our favorite port and that Lynn loved the marzipan treats.

Sincerely,

We booked the private tour and really had a great time! Our guide was really great! She patiently answered our questions and made the tour to one of our best experiences during the Holiday! The food was fantastic and we discovered places and got information we would not have known/seen on our own! The price for the private tour was absolutely acceptable! Food Sightseeing in Tallinn is an extraordinary idea - I recommend it to everyone!

Пауль, добрый день!

Мы вернулись в Москву. С хорошим настроением и добрыми воспоминаниями.

К сожалению, я не нашла на Вашем сайте возможности оставить отзыв.

Пожалуйста, если Вы найдете нужным разместите его сами.

"Большое спасибо организаторам гурман-тура "Средневековый Таллинн", благодаря которым мы (группа из 7 человек) прогулялись по вечерним улочкам, окунулись в жизнь средневекового города, попробовали традиционную еду и напитки, ощутили сказочную, рождественскую атмосферу Таллинна.

Отдельное спасибо нашему прекрасному гиду Николаю, необыкновенно интересному, разказчику и тактичному собеседнику. Мы узнали много нового о традициях Эстонии, вкусовых предпочтениях народа, детали истории, современной жизни и быта страны. Это был не заученный рассказ, а живое повествование и увлекательное общение в сочетании со вкусной едой и напитками, неожиданными сюрпризами и презентами. Во время прогулки меня не оставляло ощущение - нас ждали и нам рады, что особенно ценно. В результате получилось настоящее радостное приключение.

Желаем Вам процветания и побольше туристов-гостей."

Светлана, Москва.

Hello Paul,

A quick note to let you know Fernando and I enjoyed our tour yesterday. Eero was a great. He provided us with a very nice historical perspective blended with the modern-day realities. He was extremely accommodating and explained in detail the types of food and drink we sampled. The tour provided a very nice introduction to the tastes, flavors and aromas of Tallinn.

Thank you for helping make our trip to Tallinn a memorable experience.

Regards,

Tom

Tallinn Food Tour, May 23rd 2015

Hi Paul,

Just wanted to let you know that our Food Tour on May 23rd with Kati was really great. We were most impressed with her local knowledge, history of Tallinn and her friendly and professional manner. Please pass on our thanks to her for a lovely relaxing and enjoyable time. The places visited, food tasted and the little samples supplied along the way all added to our Tallinn experience.

Our thanks also to you for organizing the tour to fit in with our Cruise ship departure time, that was most thoughtful and considerate.

Without hesitation I would highly recommend your Food Tour to any of our friends and family who may travel there in the future.

Once again sincere thanks.

Kind regards
Jenny Fouracres
