

ISVEA BOOK
2014

Fà la differenza nel design dal 1962 ad oggi..

Nella mitologia, la fenice rappresenta rinascita creativa e nuova vita. E Così anche la fenice del logo ISVEA vuole simboleggiare rinnovamento sia materiale che spirituale. ISVEA promette funzionalità e design italiano, qualità nei dettagli e nelle lavorazioni, portandosempre idee innovative in ogni bagno. Quindi con ISVEA il bagno diventa uno spazio armonioso per rilassarsi e rigenerarsi, uno spazio vivace dove divertirsi, un ambiente privato per trascorrere del tempo con se stessi e con i propri pensieri.

Nel 1962, ISVEA inizia la sua avventura in Italia, patria della moda e del design, collaborando con prestigiosi designer italiani e studi di progettazione come Nativita Design House, OMC2 design Studios, Simone Valsecchi ed Ettore Giordano.

Oggi ISVEA, nel suo percorso di rinnovamento e di crescita, vuole farsi riconoscere come marchio internazionale espandendo il suo portafoglio con progetti di designer giovani e talentuosi. Ed è per questo che oltre ai sopra menzionati designer Italiani, ISVEA ha voluto dare spazio anche alla bravissima designer turca Sevil Acar.

L'obiettivo d' ISVEA è quello di creare soluzioni estetiche nel bagno che combinino comfort, design e tecnologia nel modo più ottimale e conveniente possibile.

Making the difference through design from 1962 to present...

In myths, the phoenix represents creative rebirth and revitalization. Inspired by ancient mythology, the phoenix in Isvea's logo symbolizes the beginning of a new life that will bring both material and spiritual regeneration. Isvea promises functionality in Italian design aesthetic, quality in details and workmanship, and innovative ideas for every bathroom. Therefore with Isvea the bathroom is an harmonious space to relax and rejuvenate, a lively space to have fun, a private space to spend time with oneself and an inviting space to enjoy one's reflections.

In 1962, Isvea began its journey in Italy, the land of fashion and design, cooperating with selected Italian designers and design studios such as Nativita Design House, OMC2 Design Studios, Simone Valsecchi and Ettore Giordano.

Being on the way to become a successful universal brand, today, Isvea extends its portfolio with the designs of talented young designers. Besides the designs of selected Italian designers, in the portfolio of Isvea, young, talented Turkish designer Sevil Acar's designs take place.

Isvea creates aesthetic bathroom spaces with maximum comfort and convenience, combining design with technology in the most optimum way.

cleaRim[®]

Hygienic cleaning is now very easy!
Environmental friendly...

standard WC
with rim

cleaRim[®]
WC without rim

Hygienic and easy to clean...

Isvea feature cleaRim provides a smooth surface compared to a standard WC in which inner surface channel is removed thus provides a hygienic environment and easy cleaning. Regular cleaning is simpler than ever before a quick wipe over with a cloth will be enough for a sparkling bathroom.

Environmental friendly...

Bplus reduces water usage, offers a shorter cleaning time and less detergent consumption, that are harmful to the environment, via cleaRim feature that can be applied to Bplus WC's.

aquaPlus

Saves
more than
%60
every
time

**Less water,
effective
cleaning...**

**1.5 lt/
2.7 lt**

**2.5 lt/
4 lt**

Isvea, through TSE (Turkish Standards Institute) approved water saving system Aqua-Plus WC's that consume less water, respect the environment and save from the budget of the user. AquaPlus WC's save water through the special form in the inner design and differentiates from other WC's that consume less water through flushing mechanisms.

Through this feature in close coupled WC's 4 liters of water is enough instead of 6 for effective cleaning. In wall hung WC's water saving drops to 2, 7 liters in full function and 1,5 liters in semi function. Isvea saves not through flushing mechanisms but with innovative WC design and adopts environmental friendly attitude.

decorPlus

Patterns that challenge time ...

*with
decorPlus*

*without
decorPlus*

The biggest problem of decorated products used in bathroom is that they are worn over time, fade and their properties is lost. The decorated products of IsveArte collection are protected with a special enamel application from harmful effects of cleaning material and exogenous factors and thus remains shiny for years as in first day. Thanks to 1200° decorPlus surface technology decors are not worn, fade and remain shiny as in first day.

Technology that resists to

- **Detergents**
- **Cleaning materials**
- **Time**
- **Sun rays**

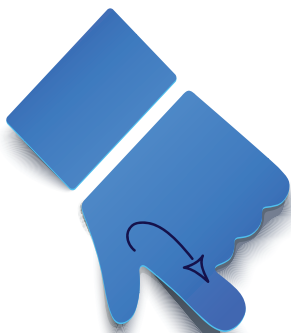

smartPlus

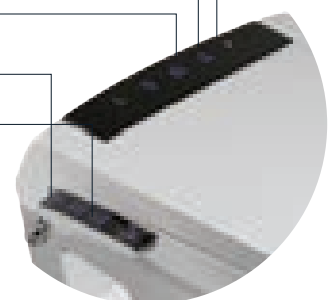

WC that brings comfort to personal hygiene...

Isvea offers an ambiance that presents both hygienic and comfortable personal cleaning through Smart WC smartPlus that comes along with many technological features.

- *Hands free cleaning*
- *Adjustable bidet nozzle*
- *Adjustable water heat*
- *Adjustable water pressure*
- *Cover heater*

softClose

- Silent
- Hygienic
- Durable
- Safe

The details that make a difference...

Easily installed, comfortable to use SoftClose WC cover is closing slowly and silently thanks to its special mechanism. These products provide easy use for children as well thanks to silently closed cover when left behind. The products are durable to bumps and hits.

sterilPlus

*A technology
far away from
bacteria...*

Thanks to Isvea's sterilPlus surface technology that provides easy cleaning ceramic surface that enables bacteria prevention and thus provides long term hygiene not only at homes but in other types of collective used areas.

e-Motion

Life is beautiful at all ages...

Just make sure that disability doesn't make the life difficult!

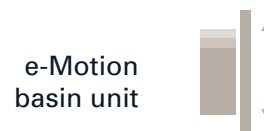

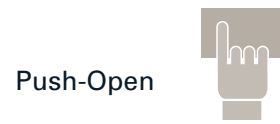

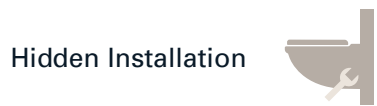

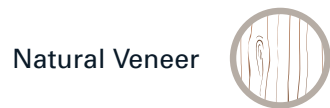

Convenient technology for life....

E-Motion system provides suitable solutions for children and adults thanks to the adjustable height of WC and basin unit according to the user. The system is an alternative for the disabled as well with 3 phased adjustable heights that can be lifted up to 15 cm.

Wireless remote is one of e-Motion Isvea technological application that makes life easier...

ICON GUIDE

AWARDED ITALIAN DESIGNS

Half a century experienced Italian originated Isvea; converges functionality, design and elegance in bathrooms. As a principle, Isvea adpots philosophy of creating emotional bond with consumer lives to create modern and unique bathroom spaces. Isvea aims to create bathroom spaces that will provide joy, comfort, ease and elegance to consumers lives.

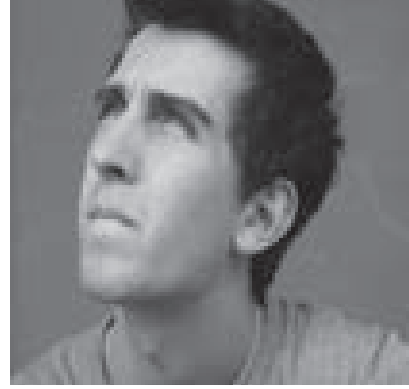

Thanks to high-quality, functional area solutions attitude and awarded designs, bathroom brand Isvea stands out for reflection of Italian style in a perfect way, meeting consumers expectations in a perfect way, exceeding expectations of design, enviromental friendly attitude and innovative designs.

SOTT' AQUA

Soffice

"Sott'Aqua" collection derives its name from Italian meaning underwater world and gets inspired from nature and water. Underwater creatures soft, flowing and peaceful forms comes alive inspired by underwater world's infinite rich, mystery and still in the design process. Sott'Aqua collection offers basin units with a variety of use options and rich modulation; Soffice and Marino models offer more comfortable and joyfull moments in bathrooms.

design by
SEVIL ACAR

Inspired by "back to nature" theme Sott' Aqua Marino bathroom furniture redefines underwaterworld's soft, flowing forms again.

SOTT' Marino AQUA

A'Design
Winner

Sott' Aqua Marino has refined and smart solutions consisting of wall units that aim to create big storing spaces in small volumes, hidden illuminated wall hung mirror and covered make up unit. Natural veneered and lacquered optioned bathroom units that are manufactured as in handmade delicacy, offer the users design-it-yourself opportunity with the modular options .

10SZ66045SV Vessel Basin 45cm (IsveArte Decorated)

decorPlus

Patterns that challenge time...

The biggest problem of decorated products used in bathroom is that they are worn over time, fade and their properties is lost. The decorated products of IsveArte collection are protected with a special enamel application from harmful effects of cleaning material and exogenous factors and thus remains shiny for years as in first day. Thanks to 1200° decorPlus surface technology decors are not worn, fade and remain shiny as in first day.
