**Cleveron 301** is the price leader of our product range and brings down the price of the automated parcel machine to a level never seen before.

On one hand it opens doors for newcomers that challenge us to integrate new services with automated parcel machines.

On the other hand it hopefully expands the network of automated parcel machines and takes these to further destinations.

Slot size	Inner dimensions (mm)			
	H	W	D	max load (kg)
XS	45	360	530	5
S	120	360	620	15
M	200	360	620	31,5
L	380	360	620	31,5
XL	600	360	620	31,5

Cleveron 301 has a modular column system that allows to choose the best drawer/door configuration and layout for the APM

Unique XS drawers for small packages are also available for Cleveron 301

Every Cleveron 301 has a unique QR-code for confirmation at location

All services go through a supplied smartphone application
