

## „ Safety Management System“ Refresher Training

Time of Training	28.-31.03.2017
Place of Training	Eesti Lennuakadeemia
Schedule for Training	Separately
Teaching Methods	Lectures
Language of Instruction	English
Instructor	Instructor from French Civil Aviation University
Base of course syllabus	Air Traffic Services curriculum
Volume of Training	4 days (25 hours)
Curriculum group	Motor vehicles, ships and aircraft
Price of Training	960 euros
Target Group	Specialists from different aviation related organizations
Size of Training Group	Max 20 participants
Aim of Training	The objective of the module is to provide students an overview of safety management fundamentals, guidance on SMS development and implementation in the framework of ICAO Annex 19 and ICAO Doc 9859. A display of SMS implementation within the different aviation stakeholders (ANSP, Airline, Airport) will be presented to trainees. Finally, the safety regulatory and supervisory will be addressed with the implementation of the State Safety Programme (SSP) under ICAO requirements.

### Topics of Training

<b>Detailed objectives:</b>		
<b>Description</b>	<b>Types</b>	<b>Volume</b>
<b>Introduction</b>	lecture	1,5 h
<b>SMS Requirements and implementation:</b> <ul style="list-style-type: none"> <li>• policy,</li> <li>• responsibility,</li> <li>• objectives</li> </ul>	lecture	6 h
