

Young Gun 2022

The activity of young talents in the last two years is evaluated and an attempt is made to identify the name that we expect to pick up gold in all other categories soon.

Conditions of participation

1. A young, up to 26-year-old (including) graphic, web or communication designer in general;
2. The participant must be a resident of Estonia, either a design student, a young professional who has completed design studies, or a self-taught designer;
3. You can participate with works completed during the last two years (August 2020 to July 2022);
4. If the portfolio also includes school work or team work, the instructor, the educational institution and the time of the study or team members must be named.

Submission

Applicant must register and upload its works via [Defol.io](https://defol.io), fill the application form and add:

- 1. Portfolio of 1 to 6 works.** For each submitted work, submit:
 - a. description in pdf format, in Estonian and English (short summary)
 - b. up to 3 photos in jpg format (format A4, resolution 300 dpi)
- 2. Portrait photograph** of the candidate.

Participation fee

Participation in the Young Gun Competition is free of charge.

The application takes place in the Defol.io environment.

By applying the applicant gives the Estonian Design Center right to use (license), publish the presented designs and materials (incl. photos) via media or other means without territorial limits or time, also make all materials available in different websites of Estonian Design Centre. By applying the author/applicant states that the presented creation/designs are one's own creation and he/she has all the rights to present these designs/works to the Award.
