*This is what some parents kindly say about Kids Art Room....*

*"I'd like to mention how much T has improved his art skills since he started lessons at Kids Art Room. He has found a creative streak in him that he never knew existed and doesn't seem to want to stop drawing! You have worked your creative magic on him - thank you!!!!"*  
*(Ms M-C, London)*

*"Every lesson goes so quickly. I enjoy using Olga's many resources and her initial ideas, which I can then develop freely. I have already learnt many new skills and am looking forward to learning further techniques. Olga takes a keen interest in my work which encourages me to work harder but, at the same time, I love the friendly, family atmosphere of the lessons." J.T (11, Surrey)*

*"The knowledge that my daughter gained at Kids Art Room proved invaluable to prepare her for her new school! Thanks to the Kids Art Room classes my daughter is really enjoying her art lessons in her new secondary school and has been awarded several merits for good work - What's more this has helped inspire her young sister which is great!"*  
*K. O. (Surrey)*

*"My 8 year old son has only been having art classes with Olga for a few weeks but already we can see the difference in his art work and how he thinks about his art pieces. He really enjoys the class and looks forward to it every week." M.W (Surrey)*

*"I am so glad I came across the article about Kids Art Room in the summer edition of Families London-Surrey Borders. I had been trying to find an out-of-school activity for my 12 year old - and this seemed the ideal solution. My daughter had always loved drawing at primary school but, more recently, didn't seem to have so much time for it, what with school homework and modern technology (!). Olga is a lovely lady, a talented artist and an enthusiastic teacher. My daughter said the lesson whizzed by and already, after just a few weeks, she is much more confident with her pencil strokes, her sense of proportion and shading techniques. She can't wait to go back after the half term break."*

*P.T (Surrey)*
