

Gender mainstreaming in Operative Services in the Police

2019-10-29 Annika Lindroth

A basic human view, a value, the way you look upon your neighbor, respect for those who we work with and meet. At work, at home, in everyday life.

Why are we working with equality?

- Support equality concepts, not just to be a nice person, but because when you have diversity and equality, **performance improves!** In all organizations.

Too Busy for Improvements?

- Equality begins with each of us, we must seek to create workplaces that reflect the communities we serve and a culture where everyone feels valued, heard and included.

So what have we done in Stockholm?
