

EstBatLIFE project
„Improving the Pond Bat (*Myotis dasycneme*) habitats in Estonia“

Project Action A1
„Technical designs and building permits of project sites“

Deliverables:
„Technical design documentation“ and
„Construction drawings and building permits for conservation activities“

Content summary and list of documents for fencing in Vääna (Humala)
project site

Summary

Building note is an official document approved by local government (in case of Vääna (Humala) by Harku Municipality) through EHR - National Building Register (www.ehr.ee). Approval of it does show that all needed documents are there, coordination with needed stakeholders is done and building can be done during next three years. In case of Vääna (Humala), building note did contain all data on fence measures, coordinates of fencing site locations, information about landowners and had attached construction drawing (sketch) of the fence; coordination with three private landowners; coordination letter from MKA (who is responsible of national heritage site in Humala); coordination letter from KEA (who is responsible manager of nature conservation in Humala).

Building note for fencing in Humala contains data about applicant – ELF and its contact person, project manager Lauri Klein; main documents attached (construction drawing by OÜ Suurmeister, fence location schemes by ELF and building description by builder OÜ Suurmeister); technical details of the building heights (absolute 2,6 m and actual 2 m) and length (350 m) and basement of the building; list of land parcels concerned and coordinates of turning points of the fence.

List of delivered documents:

- [ehitusteatis tarastamine Humalas.asice](#) (19/09/2019) – building note for fencing in Vääna (Humala) project site, digitally signed by project manager, Lauri Klein before uploading it into EHR - National Building Register (www.ehr.ee);
