Strand/category *Cross-sectoral - Refugee Integration Projects 2016*

Deadline **28/04/2016**

### Organization

Name Municipality of La Palma del Condado

La Palma del Condado is a city of 10.600 inhabitants placed in Andalucía region, close to South-West European Atlantic coast and among Spanish cities of Sevilla and Huelva.

Short description

La Palma del Condado municipality is strongly working in awareness of community in local social dialogue and participation in local development matters. With this purpose, its Local Development Agency is responsible for developing actions to empower Local Multilevel Governance, dialogue and participation of local community members in different topics: employment policies in the city, vocational training programs, tourism and culture projects, volunteer programs, etc.

### Project

Field(s) Towns, Cities, Municipalities, Rural and mainly Culture Agents

Description

The project is focused in two areas of work

- 1) Activities to the public promoting tolerance and mutual respect, integration, (cultural and educational activities, particularly for youth), initiatives and campaigns that have to do with the negative perceptions and attitudes towards refugees and support actions by local authorities to help integrate refugees by creating a) networks, b) interreligious and intercultural dialogue, c) initiatives related to self-confidence, creativity, sense of belonging, stereotypes breaking.
- 2) Creation of an intercultural/cross-cultural history of Mediterranean peoples platform, a birthplace of cultural achievements and struggles for ethnic and racial rights and inter-racial, inter-ethnic and inter-religious tensions (something that the current situation can dramatically confirm)..
