

# Vibe

Dimensions: 99 x 89 x 198/208 cm

## Shower corner (front wall + tray)

Vibe shower cabin is an elegant combination of soft curving shower walls and a complementing shower tray with options of low (mountable into the floor) and higher version. Shower walls are made of curved toned safety glass (6mm) – shower door is turning on the hinges. Shower tray is made of very strong and durable Xonyx™ massive stone.

Glass options:

**T1**  
Transparent  
safety glass  
6 mm

**T2**  
Toned grey  
safety glass  
6 mm

Shower corner components

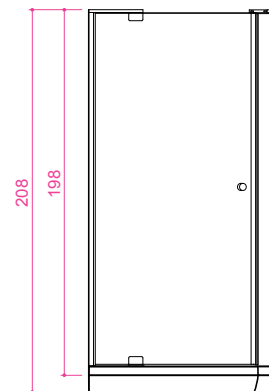

**Front wall + tray (high):** 99 x 89 x 208 cm

**Front wall + tray (low):** 99 x 89 x 198 cm

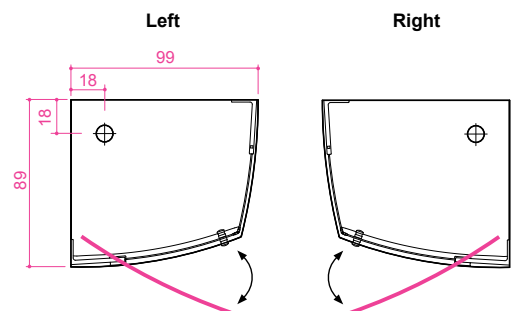

- PS.** The shower tray has two possible height options:
- **Low base** (for in-floor mounting 5,5 cm)
  - **High base** (for on-floor mounting 14 cm)

**IMPORTANT:** Installing the product with the low base tray requires the preparation of the installation area according to Vibe installation manual.
