

WASTE SORTING GUIDE

For more information: www.tvo.ee

FB: @pakenditesorteeriminetaaskasutuseks

1. WHEN IN DOUBT, GOOGLE THE RULES OR SORT AS GENERAL WASTE
2. SQUEEZE ALL PACKAGING/CARDBOARD FLAT BEFORE DISPOSAL
3. DO NOT OVERFILL THE CONTAINER

MIXED PACKAGING

- ✓ Clean plastic, glass, metal or cardboard packing and Tetra Pak cartons (e.g. plastic bottles, cups, packages of cosmetic products (i.e. cream jars, shampoo bottles), plastic boxes, milk, juice and yoghurt cartons, tins, metal lids and tops of food and drink packages, glass bottles and jars).
Clean packaging means it should be free of food waste to such a degree that it doesn't start to stink within 4-5 weeks.
Only use transparent garbage bags or none!

- ✗ Soiled packages, plastic toys, rubber products, packages of hazardous substances, used diapers, aerosol packages, window glass and glass sheets, light bulbs

PAPER

- ✓ Catalogues, advertising materials, newspapers, magazines, books, craft paper, paper bags, paper and cardboard boxes.
NB! Squeeze flat before disposal!

- ✗ Soiled or wet paper and cardboard, household paper, paper or cardboard with film or foil (e.g. juice and other Tetra Pak packages), used disposable paper plates / cups

GENERAL

- ✓ Broken dishes, used diapers, old clothes and shoes, vacuum cleaner bags, wet paper, cat litter, cigarette butts, used disposable paper plates / cups, other household waste

- ✗ Building waste (e.g. paint), hazardous waste (e.g. inflammables, explosives), biodegradable garden waste, batteries, old electronics, liquids, bulky waste, medicines

BIO

- ✓ Solid food waste, fruit and vegetables, house plants and cut flowers, household paper, tissues, coffee grounds, paper filters, teabags, egg shells and cardboard egg cartons
- ✗ Packaging, liquids, cling film, soup, sauces, bones, cigarette butts, other non-biodegradable waste

USED APPLIANCES, FURNITURE AND CLOTHING

Take these to Uuskasutuskeskus or Jäätmejaam.

HAZARDOUS WASTE

E.g. paint, glue, varnish and solvent leftovers in retail packaging, expired medicines and other medical waste, chemical and pesticide waste, waste that contains mercury, inflammables and explosives, batteries.
Take these to Jäätmejaam.

ELECTRONICS WASTE

Take these to Jäätmejaam. NB! In case of purchasing a new product, the shop is obliged to accept a used, similar device!
