VEA

VEA is an iconic design with a minimalism interpretation of retro memory...

It creates a bridge between the past and the future.

The designer defines the VEA collection as "an inspiring original design combines soft lines inspired by the fluidity of water with sharp corners". Offering an alternative to the iconic colors of retro, night blue, ruby red and ocean green.

Vea carries the traces of the past to today's bathrooms.

VEA basically calls to remember the past, its inspiration; An iconic design that draws from the harmony of contrasts such as past-future, city life-rural life.

INFINITY

INFINITY bathroom furniture, one of ISVEA's high-end design line, is designed for who seek freedom in bathroom design.

While designing INFINITY, the Isvea design team envisioned a modular structure that can be shaped according to the usage area and needs for modern urban bathrooms.

Offering 6 different combination possibilities ranging from 80-150cm, INFINITY has two fully opening drawers, with a separator, in all washbasin modules. It offers the chance to choose with single-double bowl washbasins or vanity shelf washbasin alternatives. In all modules, 5mm sharp&slim Infinity series bowl basins with thin edges and ultraflat shelf washbasin family, designed by WAU Architetti, the Italian design partner of ISVEA, were preferred. With its side cabinet that can be used separately or in combination, tall cabinet with large storage volume, and led illuminated mirror, INFINITY offers the comfort and functionality needed in the bathroom.

Emphasizing elegance as well as function in its design, INFINITY completes its fuga matte lacquered drawers with brushed gold handles. INFINITIY, which has 6 different color alternatives, is fully compatible with ISVEA's sophisticated sanitaryware color palette Colorisvea colors. Offering an alternative in color combination as well as its modular structure.

SOGNO

Sogno, the premium design lines of ISVEA, brings the appeal of rounded lines to modern bathrooms with a new interpretation of classical lines.

When designing Sogno, the ISVEA design team focused on blending design with the modern perspective of design. Sogno, which offers a compact and convenient experience with its 100cm size, with 5mm thin-edged sharp&slim Infinity basin, by the scope of WAU Architetti signature, which is the main partner of ISVEA. It is both useful and stylish with its two drawers with a non-slip floor plus an organizer and a mirror in the form of a storage room and a glass shelf. Thanks to its two fully automatic drawers and double mirror cabinet, it is used for all applications needed in a wide and full-length bathroom with glass shelves.

By the modern approach of its classic design and color range as amber, night blue, sand beige and anthracite matte lacquered, it is enlarged as a remarkable and practical object in the bathroom, rather than a piece of furniture.

RINATO

Rinato, one of the premium design line of ISVEA, blends retro lines with a modern design approach. While designing Rinato, the ISVEA design team aimed to bring a modern interpretation to the fuga technique of traditional woodwork.

Creating a useful countertop area thanks to its 120cm wide washbasin module with massive wooden counter, with 5mm thin-edged sharp&slim Infinity basin, designed by WAU Architetti, the Italian design partner of ISVEA. Rinato is functional with two wide drawers, including an organizer, plus a hidden drawer with a separator and a mirror cabinet with led lighting. Rinato offers everything needed in the bathroom with its both side top unit and tall cabinet with large storage volume!

Complementing the most "hype" shades of retro design; cream and pastel green matte lacquered body with shiny gold colored attractive handles,; Rinato shares an experience that is both stylish and timeless with its users.

PUNO

designed by WAU Architetti

W·A·U

ISVEA's upper segment design line Puno; It puts simplicity at the center by bringing a minimalist approach to retro lines.

Puno, consisting of a metal profile body and a lacquered shelf, offers two color options as black and white; and besides adding color to bathrooms thanks to Infinity series washbasins, signed by ISVEA's Italian design partner WAU Architetti. Compatible with all modules, Infinity washbasins offer its users ten different colors and unlimited inspiration. Puno's matte white and matte black mirrors perfectly complement the minimalism of the design with their rounded thin radius.
