CERSANIT CATALOGUE

We are pleased to present the 2014/2015 Cersanit catalogue, featuring a wide range of ceramics, bathroom furniture, bathtubs, shower enclosures, shower trays and bath screens – everything needed to furnish a bathroom. We spare no effort to ensure our products meet the practical and aesthetic needs of our customers. Our offer is designed to enable anyone to completely furnish any bathroom, even a very small one.

We also encourage you to browse through our catalogue of ceramic tile collections, which are designed to match the rest of our products perfectly. We believe that a consistent product portfolio makes it easier to furnish a bathroom. This is how we create...
... **big ideas for small bathrooms!**

cersanit

BIG IDEAS FOR SMALL BATHROOMS

CERSANIT – BIG IDEAS FOR SMALL BATHROOMS

The strength of the Cersanit brand is reflected in the fact, that in their country of origin our products are recognized by 97% of consumers. Years of experience enable us to rise to the challenge of a small bathroom. We offer a comprehensive response to consumer needs. Thanks to us, bathroom decoration becomes easy, fast and affordable. You will find that our products can turn a bathroom into a very attractive space, as well as a functional and well-organized one.

Thanks to your trust, the Cersanit brand has been awarded a Superbrand and a Superbrand Created in Poland award in the interior renovation and decoration category. We were honoured to receive this prestigious title, awarded on the basis of a survey of 15,000 people. Based on this poll, the Cersanit brand was chosen as the most influential and appreciated in its category.
Thank you for your trust.

cersanit

BIG IDEAS FOR SMALL BATHROOMS

NEW CERSANIT WEBSITE

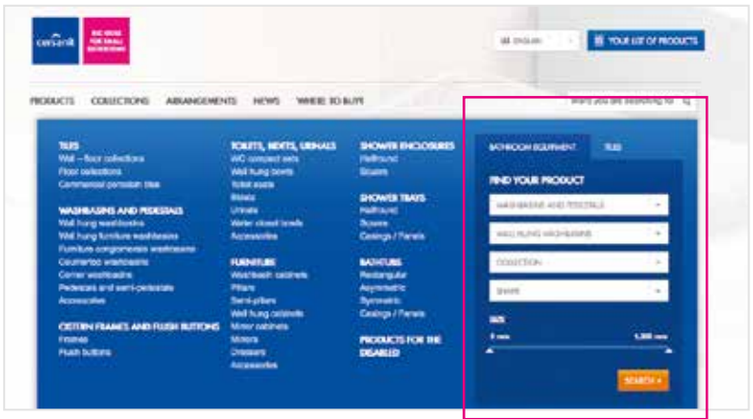
Cersanit understands that renovating a bathroom, choosing all fixtures and fittings wisely, is not easy. We would like to support our consumers in this complicated and time-consuming process.

Our newly-launched website - www.cersanit.com.pl, offering functional solutions and complete knowledge database, **guides customers through all stages of decision-making and purchasing, helping them to make the best choices.** As an expert in smart bathroom solutions, Cersanit provides not only guidance on the selection of specific products but also bathroom arrangement ideas and useful tips for designing interiors, even atypical ones.

INTUITIVE PRODUCT SEARCH ▸

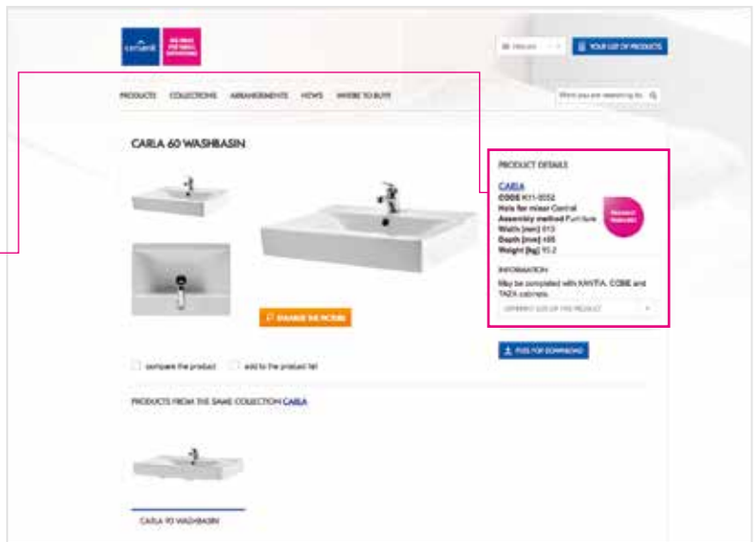
User friendly and easy to navigate, Cersanit's new website, www.cersanit.com.pl, has been designed in line with the latest market trends. **It presents Cersanit's product offer in a well -ordered and intuitive way,** so consumers can save time and easily find relevant options by using below search parameters:

- product category
- name and type of the collection
- inspiring bathroom arrangements
- size, colour, and price of products



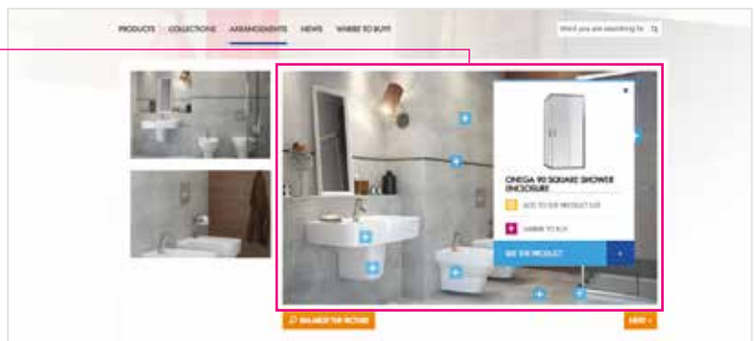
COMPLETE PRODUCT INFORMATION ▸

Once selected, **each product is presented along with all product information** (such as attributes, dimensions, weight, and catalogue price) as well as installation options and references to matching products (for example a washbasin cabinet and matching washbasin). Importantly, the website has been designed to present not just individual products but **all product lines and collections.**



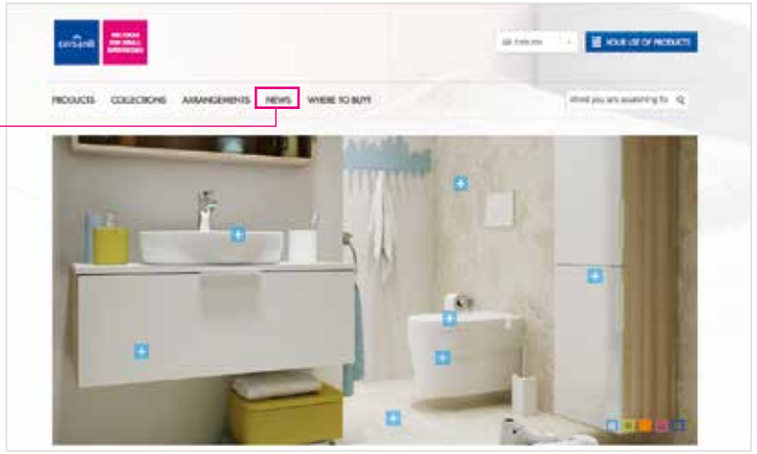
INSPIRATIONS ▸

To provide creative inspiration for consumers, all products are being presented also in bathroom arrangement. It ultimately helps them make the best choices. Products used in interiors are marked with interactive hot spots - once clicked it redirects to the selected product.



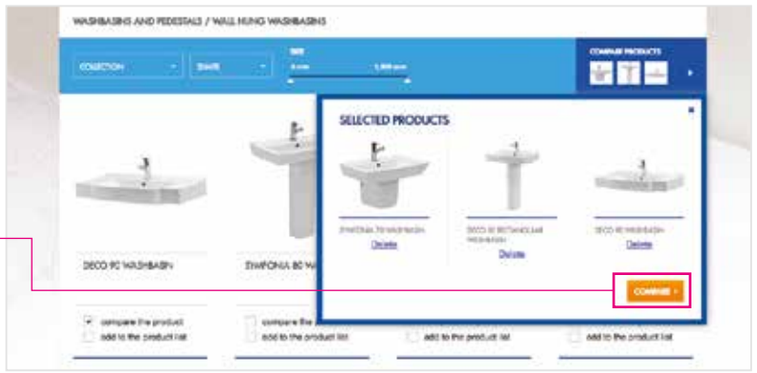
ALWAYS UP TO DATE ▸

Updated on an ongoing basis, Cersanit's website is **an excellent source of information about all new products in its offer.** Consumers can easily access not only the database of all products but also the latest brand information in the sections News and New Products.



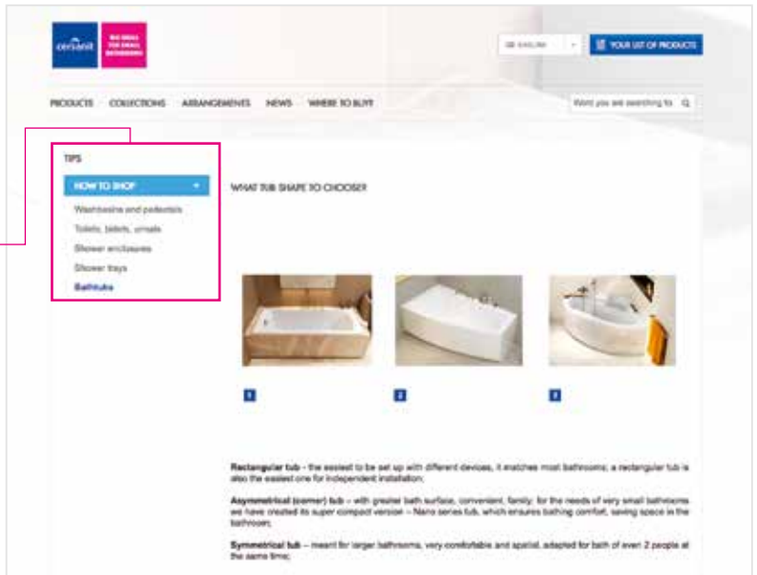
COMPARING PRODUCTS TO MAKE THE BEST CHOICES ▸

All-new innovative solution that helps consumers make their decisions is **an intuitive product comparison tool.** It offers consumers access to details of three selected products and enables them to compare product parameters and select those that suit their needs and expectations best.



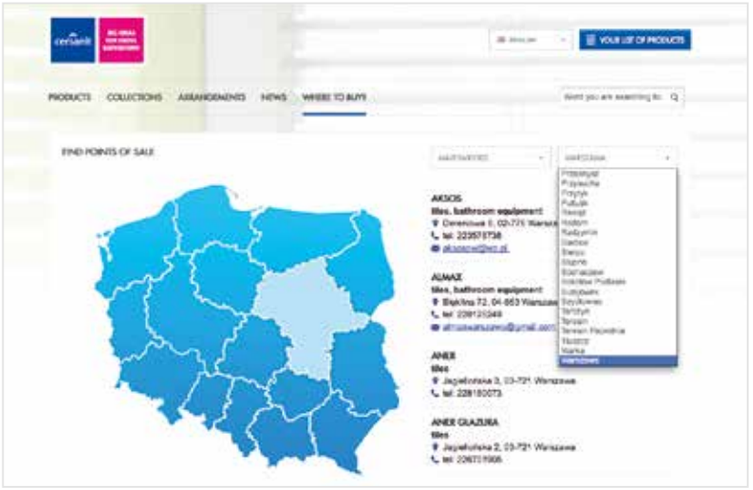
PRACTICAL TIPS FOR EVERYONE ▸

For consumers decorating and renovating their bathrooms for the first time, we have prepared **a series of tips (e.g. How to shop?) featuring simple and practical advice on furnishing and renovating a bathroom.** Such guidelines help consumers make their purchases and enable them to spend less time finding the best solutions to fit their needs.



WHERE TO BUY CERSANIT PRODUCTS?

Divided into provinces, **the interactive map of Cersanit's sales network** allows consumers to search by city and easily find the nearest store. It also enables Cersanit to support its partners by promoting their stores.



AVAILABLE ON MOBILE DEVICES

Consumers can **browse Cersanit's website on all mobile devices,** so they can access it not only at home but also while being out shopping, using their phones or tablets.

NEW PRODUCT SEGMENTATION

Always striving to better meet our customers' needs and expectations, Cersanit has introduced a new segmentation for the products in its portfolio: BASIC, SOLUTION, and DESIGN. The ceramic products, furniture products, shower cabins, shower basins, and bathtubs have now been classed into these segments.

The objective of the new segmentation is to better systematize the selection of products and to help customers more easily choose the product that will best satisfy their expectations and meet their specific needs. The products in the individual segments differ in terms of functional parameters, quality parameters, and benefits as well as design, and therefore also in terms of price.

On the next page there is a short description of the new segments:

BASIC

The BASIC segment includes the most universal products, characterized by good quality and full functionality, featuring simple, traditional designs that will fit well into almost every bathroom. Thanks to a very good price-to-quality ratio, BASIC segment products will be accessible to a broad range of consumers.

SOLUTION

The various product series in the SOLUTION segment offer consumers something more than good design and high functionality. By putting innovative ideas and technologies to work, they offer ready answers to the problems and challenges faced by our customers in their daily usage of their bathroom space. The SOLUTION series combine products from various categories (sanitary ware, furniture, bathtubs, bath screens) and provide comprehensive support in composing a functional, comfortable, and pleasant bathroom. This group includes the concept series: Pure, Nano, Smart, Easy and the series Etiuda.

•DESIGN•

The DESIGN segment includes products of the highest quality, in terms of both materials and finishing, designed in line with the latest trends. They are based on new technologies and advanced know-how, thanks to which they offer a superb combination of modernity, beauty and functionality. Products in this group will satisfy very demanding consumers, for whom the design is very important.

CERSANIT CONCEPT SERIES

Cersanit is the only brand on the market that offers comprehensive and functional bathroom solutions, directly addressing customers' real needs and expectations. This is best illustrated by the **unique Cersanit concept series**, which combine products from many categories, forming a **complete basis for a bathroom interior**. Each of them offers customers full functionality of use, plus additional, unique benefits that make them stand out from standard proposals.

Cersanit's concept series **PURE, NANO, SMART, EASY** and **COLOUR** offer excellent proposals for customers who want to create a bathroom in their home that is **safe, functional and beautiful**, where **all the elements work together exceptionally well**, forming a **well-organized, family-friendly, stylistically coherent space**.

In this part of the catalog we present, in abbreviated form, all 5 of the concept series, plus an overview of the product portfolio of each series and their unique benefits, stressing the exceptionality of what Cersanit has to offer. Detailed information about the various products comprising each of the series presented here should be sought in the later sections, dealing with the individual product categories.

EASY TO STORE. EASY TO FIND.

With **Cersanit SMART** collection all your bathroom products and accessories are always in easy reach. We have designed our cabinets and drawers so that everything can be tucked away in just the right place. Now you can easily find exactly what you need – even with your eyes closed.

BREAKTHROUGH ANTIBACTERIAL TECHNOLOGY

HOW DOES IT WORK?

Silver ions in our ceramics, constantly emitted to the surface, ensure permanent antibacterial protection and prevent the growth of bacteria even by 99.8%. The active ingredient Silverit does not wear out, **guarantees a long-lasting antibacterial effect** and remains active **up to 25 years**.

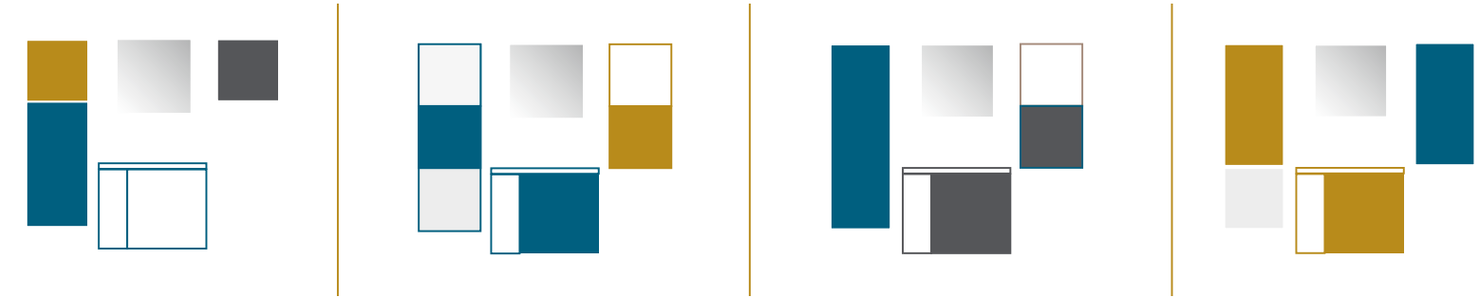
PLAY WITH FORMS, PLAY WITH COLOURS, CREATE YOUR OWN UNIQUE COMPOSITION.



NO ONE NEEDS TO KNOW...

... THAT BATHROOM CLEANING TAKES YOU ONLY A MOMENT

Are you fed up with spending so much time cleaning your bathroom? So are we! That's why we have designed **Cersanit Easy** – a series of bathroom sanitary ware and furniture, that you can clean easily and in next to no time.

All this thanks to **Clean Pro**, an invisible easy-to-clean coating that uses advanced technologies based on the properties of **fluoropolymers**. When applied to sanitary ceramics and bath screens, Clean Pro reduces the buildup of limescale and dirt. A modern and simple furniture design (smooth fronts, no grips) and functional solutions (such as easy-off toilet seats) are other features that allow easy cleaning.

Choose the **Cersanit Easy** series, clean your bathroom quickly and easily, and spend the time you save on whatever you want.

EASY CLEAN PRO TECHNOLOGY

HOW DOES IT WORK?

Based on advanced technologies that uses fluoropolymer properties, Cersanit developed Clean Pro - an invisible easy-to-clean coating, which reduces the buildup of limescale and dirt, e.g. on ceramics and bath screen.

CleanPro

A surface without the coating

A surface with Clean Pro coating

On a surface with the Clean Pro coating, droplets of water combine and quickly run off the surface, taking any dirt with them and leaving behind no smudges. This limits the buildup of soap and limescale deposits.

Such surfaces stay clean for a long time and caring for them is exceptionally quick and easy, without requiring scrubbing or the use of strong cleaning substances. The crystal-clean effect lasts many days.

SANITARY CERAMICS

PRODUCT FEATURES

10
YEAR
WARRANTY

10-YEAR WARRANTY FOR CERAMICS

Cersanit's top quality ceramics means comfort of use for many years.

kg

1/ WEIGHT CAPACITY

Cersanit's ceramic products are characterized by high weight capacity (up to 400 kg for wall-hung bowls and up to 150 kg for washbasins).

2/ CERAMICS: 100% GLAZED USABLE SURFACES

With their smooth and fully glazed surfaces, our ceramic products are designed to ensure easy cleaning and help maintain hygiene in bathrooms.

3/ AVAILABLE IN MULTIPLE FORMATS

Most washbasins are available in multiple sizes and some series also feature left- and right-hand options. Such a wide selection of products makes it possible to choose washbasins for interiors of any size or style.

4/ WATER-SERVING FLUSHING SYSTEM

Cersanit's dual flush toilet systems (3/6 liters and 2/4 liters) are water efficient flush solutions.
Nano products with the 2/4 dual flush system are up to 30% more water efficient than traditional flush systems.

2 YEAR WARRANTY

2-YEAR WARRANTY FOR TOILET SEATS

Cersanit's top quality toilet seats provide comfort of use for many years...

1/ TOP-QUALITY DUROPLAST

Made of duroplast material, our toilet seats are durable and do not become discolored.

2/ EXCEPTIONAL COMFORT AND CONVENIENCE

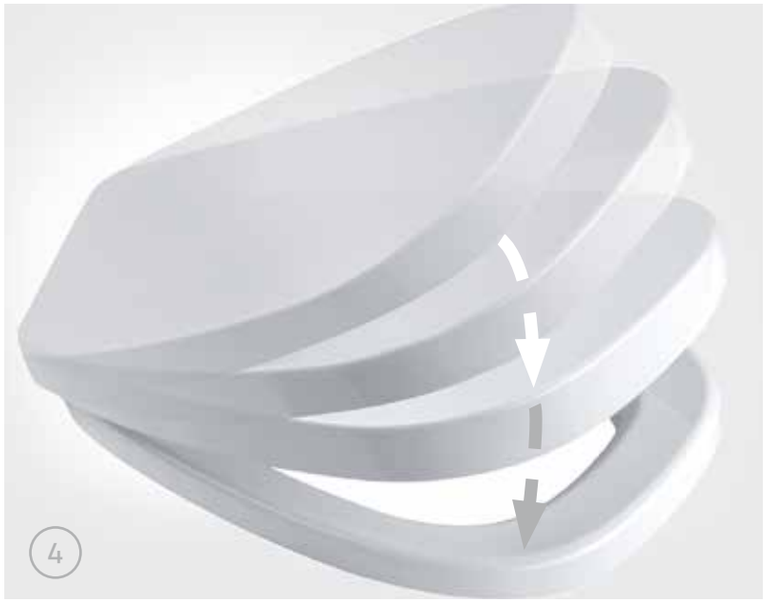
Gentle, broad side and rear surfaces of the seat, streamlined shapes of internal edges and opening of the optimal length, width and shape ensure comfortable body arrangement in sitting position for maximal user convenience.

3/ EASY-OFF TOILET SEATS

A functional solution for easy cleaning of toilets.

4/ Slow-close TOILET SEATS

Slow-close toilet seats, available for most wc compacts and wall-hung bowls, come down gently and quietly.



5/ ANTI-BACTERIAL COATING

Toilet seats with an anti-bacterial coating designed for comfort and hygiene.

CONCEALED CISTERN FRAMES

PRODUCT FEATURES

15 YEAR WARRANTY FRAMES

10 YEAR WARRANTY STRUCTURAL ELEMENTS

LONG WARRANTY

Cersanit's high quality concealed cistern frames offer comfort of use for many years. We provide up to 15-year warranty for frames and a 10-year warranty for all structural elements.

LITRE

1/ WATER-SAVING SYSTEM

Flush volume regulation 3/6 l or 2/4 l significantly reduce water consumption, up to 10 000 l a year*. The most technologically advanced products are furthermore equipped with an innovative filling valve with "water-save" which ensures additional water-saving of 4 400 l a year*.

* for a 4-person family

22 Db

2/ ULTRA QUIET

Cersanit's concealed cistern frames had been developed to work very quiet – basing on innovative technological solutions the hydraulic refilling valve in certain products may operate at only 22dB.

3/ FOR EVERY BATHROOM

Cersanit's concealed cistern frames are very flexible and easy to install - regulated frame height, width and distance from the wall as well as corner installation possibility make them fit into almost all bathroom interiors. In Cersanit portfolio there are also products designed especially for small bathrooms, like the one with ultra-slim tank – only 80 mm thick or the one only 35 cm wide.

kg

4/ DURABLE AND STABLE CONSTRUCTION

Confirmed in weight resistance tests up to 400 kg.

FURNITURE

PRODUCT FEATURES

2 YEAR WARRANTY

2-YEAR WARRANTY

All the furniture Cersanit offers is backed by a standard 2-year warranty. Moreover, in selected furniture series, Amix drawer slides and Hettich hinges come with a lifetime warranty, ensuring they will remain in use for many years.

1/ EASY-TO-CLEAN SURFACES

Because Cersanit furniture pieces are covered with high-quality, easy-to-clean foil or varnish, cleaning them is a snap and the effects remain visible for a long time.

2/ WATERPROOF SURFACES

Bathroom furniture is exposed to frequent contact with water. Through the use of high-quality materials and finishing elements, Cersanit furniture pieces have surfaces that are resistant to the effects of water.

3/ SOFT-CLOSING SYSTEM

Thanks to a system of soft-closing doors and drawers, Cersanit furniture pieces are extraordinarily comfortable and safe to use.

4/ DRAWERS WITH FULL PULL-OUT

The spacious drawers in Cersanit furniture items are equipped with high-quality slides with full pull-out, providing access even to items stored away deep inside.

5/ SMART SYSTEM INSIDE

Thanks to the intelligent storage systems and the intuitive organization of space in SMART furniture items, your bathroom will always be neat and tidy, with all cosmetics and toiletries tucked away in the right place.

HOW TO MATCH WASHBASIN WITH A CABINET?

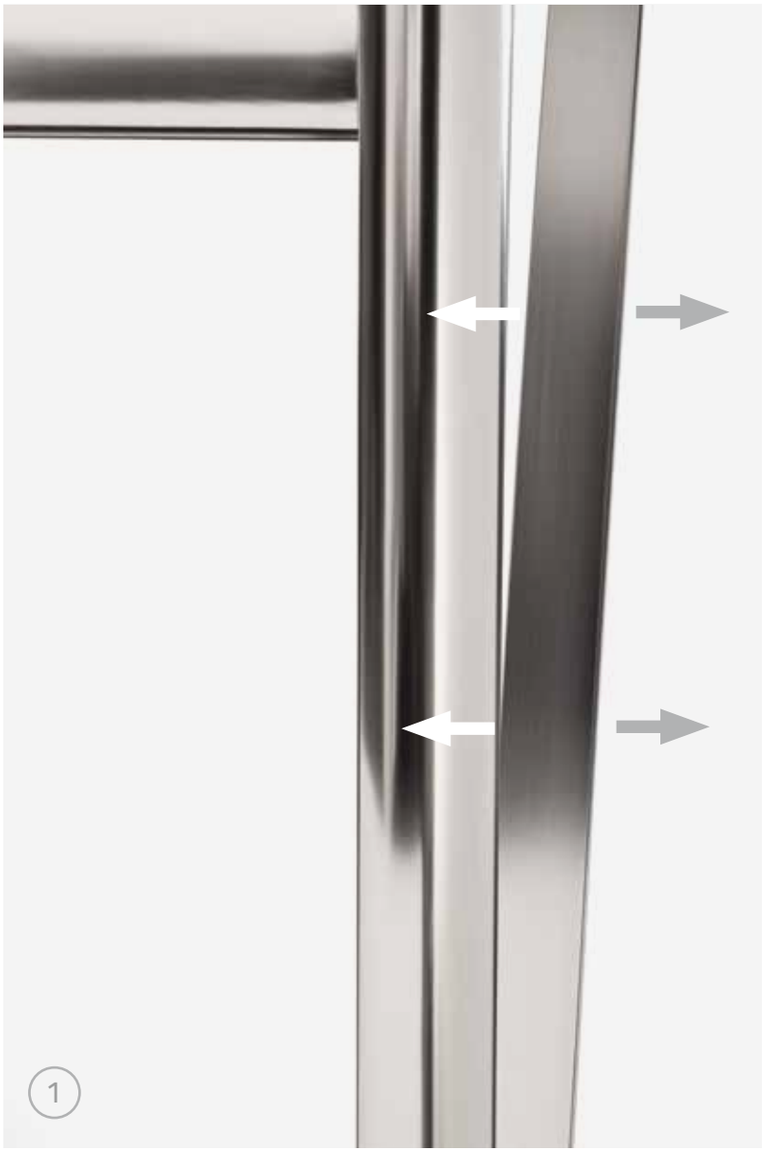
SHOWER ENCLOSURES SHOWER TRAYS

PRODUCT FEATURES

5 YEAR WARRANTY SHOWER ENCLOSURES

7 YEAR WARRANTY SHOWER TRAYS



LONG WARRANTY

Cersanit's high quality shower enclosures offer comfort of use for many years. We provide a 5-year warranty for shower enclosures and a 7-year warranty for shower trays.

1/ ADJUSTMENT FOR UNEVEN WALLS

An adjustable skirting for installation even with uneven walls.

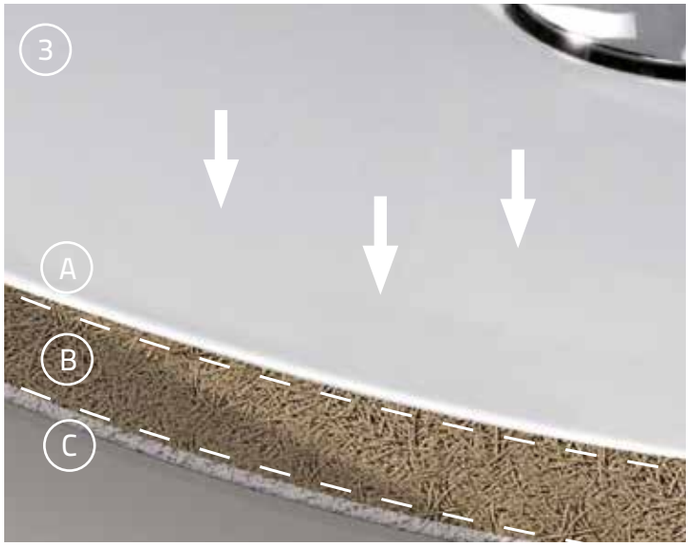
2/ ERGONOMIC DOUBLE-SIDED GRIPS

For comfort of use and easy opening of shower enclosures from the inside.

3/ REINFORCED SHOWER TRAYS

Reinforced with both resin and glassfiber, our shower trays provide comfort and safety of use.

A/acrylic
B/reinforcement
C/glassfiber with resin

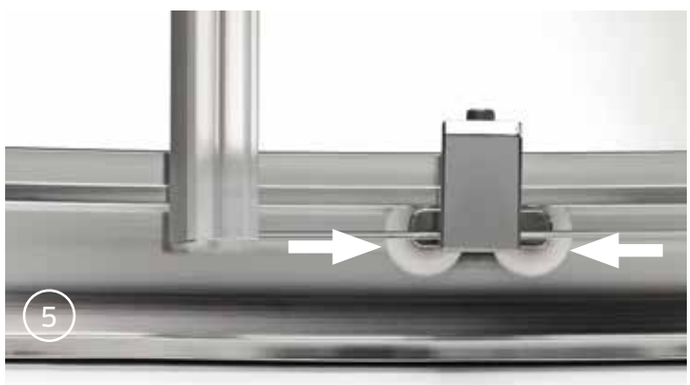


4/ SAFE TOUGHENED GLASS

Shower enclosures are made of top quality 5mm or 6mm toughened glass to ensure stability and safety of use.

5/ METAL TRACK SYSTEM
For very quiet and smooth opening.

6/ DOUBLE UPPER ROLLERS MADE OF METAL
A top-quality track system for stability and comfortable sliding of doors.



7/ DETACHABLE LOWER ROLLERS
Easily detached rollers for comfortable use and easy cleaning.
