SENSUAL RAIN

Die tägliche Dusche ist mehr als nur ein Weg, den Sie morgens erledigen: Lassen Sie sie zu ihrem sinnlichen Morgenritual werden und genießen Sie höchsten Komfort, verpackt in edlem Design.

Eine Regenbrause, um jeden Moment so zu genießen, wie Sie es wollen. Die Kombination aus Rainshower mit sanft herabfallenden Tropfen und Schwallauslauf mit einem erfrischenden Guss entführt Sie für einige magische Momente in eine Oase der Entspannung.

Wasserperlen, die Körper und Seele umschmeicheln. Die feinen Düsen der Duschpaneele und Regenbrausen erzeugen gleichförmig weiche Wassertropfen, die sanft auf die Haut treffen. Dadurch entsteht ein Gefühl der wohligen Entspannung, das Hektik und Stress des Alltages vergessen lässt.

The daily shower is more than a morning chore: Let it become your sensual morning ritual and enjoy comfort at its highest level wrapped in exquisite design.

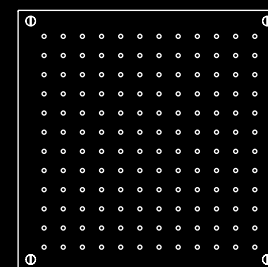

A rain shower to enjoy every moment as you please. The combination of the rain shower with its smoothly trickling drops and the cascade spout with a refreshing gush of water escorts you for some magic moments to an oasis to relax.

Water pearls caressing body and soul. The fine jets in the rain shower panels generate evenly smooth water drops that gently touch your skin, bringing a sense of pleasing relaxation to leave the daily grind behind.

PUSH
TRONIC

Das Thermostat lässt sich durch eine Drehbewegung einstellen, die Brausen über einen Knopfdruck einschalten und außerdem können Sie verschiedene Verbraucher zeitgleich verwenden. Die einfache und intuitive Handhabung macht den hohen Bedienkomfort der Push-Armatur aus.

Set the thermostat by rotating the dial, turn the water on by pushing the button, and even direct it to several outlets at once. Its easy and intuitive use is what makes the push mixer tap so comfortable.
