ISVEA

1902 ITALIA

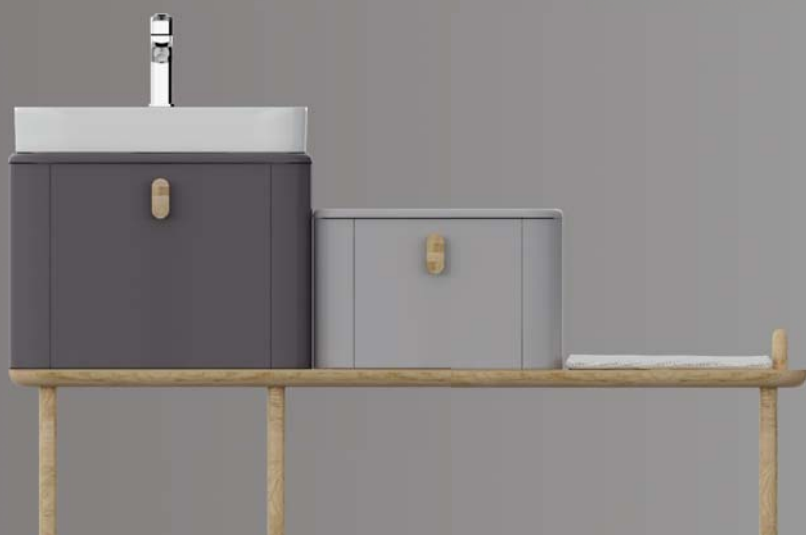

L'architettura Italiana del Bagno

**Italian Architecture at the bathroom,
since 1962...**

ISVEA has been founded by the Angelucci family in 1962, in the surroundings of Sant'Eusanio del Sangro at a distance of 200 km to Rome. It has started production as the 7th vitrified ceramic company of Italy.

Isvea had been carrying out activities as a characteristic Italian manufacturer in Italy, which is the leading country in the field of sanitary ware in the world. As a brand especially widespread in Southern Italy, it had been ranked among the first 10 manufacturers in the market.

FLAMMA

designed by Ya Tasarım

The flame, the source of inspiration behind this design, is the sparkling extension of fire. Watching the flames energizes, in fact virtually enchants one. Flames dance with their motions in our lives. The art of ceramics, which has existed for thousands of years together with fire, comes to your bathrooms with the iconic Flamma washbasin inspiring its energy from the flame.

A modern bathroom interior featuring a dark, textured wall on the left and a light-colored, horizontally-ribbed concrete wall on the right. A white rectangular sink is mounted on a dark wood vanity. A glass perfume bottle sits on the sink. A white towel hangs on a chrome towel rack. Two white, conical pendant lights hang from the ceiling. A black shelf holds books and a small white box. A large window with a black frame is on the right. The floor is made of dark wood planks.
