Different styles for living life to the full

The Metropole Collection consists of two separate series of bathroom furniture and washbasins. Inspired by the city, simple designs integrate various forms, colours and sizes to create bathrooms that meet every need.

Two ways to choose bathroom furniture Metropole Edge and Metropole Pure

Inspired by the changing rhythms of the city, the collection offers two alternative series in bathroom furniture. While the Edge series satisfies the highest expectations with its design details and material structure, the Pure series satisfies simpler needs with its relaxed design approach.

Designed to meet high expectations, the Metropole Edge series of bathroom furniture creates prominence with its detailed features. The series includes MDF body and drawers, modules with glass doors, tall cabinets and mirrors with cabinets.
