# 10+ YEARS RIDING THE ORIGINAL!

**„IN EVERYTHING WE DO, WE BELIEVE IN DRIVING EXCELLENCE IN FOCUS AND CORE STRENGTH, TO BALANCE MIND AND BODY, DELIVERING IMPROVEMENT TO EVERYDAY LIFE.“**

ROBERT KAEDING, CEO AND FOUNDER

Thanks to GIBBON, slacklining has found its unique professional and specific use in therapy and fitness by combining itself with the GIBBON brand lifestyle. Today our slacklines have become common training devices in many areas of sports.

From nursery schools to retirement homes - slacklining with GIBBON has become a wholesome and enjoyable activity. At the same time we have also created a way for adrenaline hunters to explore their personal limits, as the founders of Tricklining, GIBBON works closely together with the community in order to further develop this new sport.

**WE DO THIS BY DEVELOPING AMAZING PRODUCTS THAT ARE CHALLENGING TO MASTER AND YET EXTREMELY FUN. WE THEREBY INSPIRE INDIVIDUALS TO BUILD UP THEIR CONFIDENCE BY CONTINUOUSLY PUSHING THEMSELVES AND GROWING BEYOND THEIR CURRENT PHYSICAL LIMITS.**

For over 10 years we've stood for highest level of product safety, with TÜV certifications of our products and compliance to the German Industry Safety standard for slacklining (DIN 79400). Alongside our dedication to this claim, we also remain pioneers in the market of innovative, cool and simple to use plug-and-play-systems.

With the GIBBON App we have set the next cornerstone to allow everyone to experience and enjoy the fun and possibilities which GIBBON and slacklining have to offer. By simple access over a smartphone, we go beyond offering a retail product and actually offer a complete package to learn slacklining and to enter the colorful and diverse lifestyle this activity has to offer

**GIBBON IS THE GLOBAL LEADER IN THE DESIGN, DEVELOPMENT, AND MARKETING OF SLACKLINES, SLACKRACKS, AND RELATED CORE BALANCE PRODUCTS FOR FUN, SPORT AND PHYSICAL FITNESS.**

# FLOWLINE TREETWEAR SET

**THE PERFECT WEBBING FOR  
DISCOVERING 1-INCH SLACKLINING  
(LONGLINING) NOW WITH TREETWEAR!**

Thanks to its low stretch, the FLOWLINE is specifically designed to allow an easy setup with little tension at low heights. This makes the Flowline an ideal introductory Slackline for beginners of longlining all for an unbeatably low entry price. With its two ratchets, including spacers, getting the desired tension for your set-up is a piece of cake! In addition, the two color sided webbing helps to avoid twists in the setup.

# INTRODUCING SLACKFIT

**SLACKFIT IS A REVOLUTIONARY NEW FUNCTIONAL AND GROUP FITNESS PROGRAM THAT LETS YOU CONNECT THE FUNSPORT ACTIVITY SLACKLINING AND THE LIFESTYLE WITH FITNESS TRAINING.**

**SLACKFIT COMBINES EFFECTIVITY, COORDINATION, STABILITY, SPEED, BODY - SENSE, AND FUN IN A UNIQUE WORKOUT FOR THE ENTIRE BODY.**

**SLACKFIT IS DEMANDING YET APPROACHABLE FOR ANY AGE AND TARGET GROUP! NO PRIOR SLACKLINE SKILLS ARE REQUIRED! ON THE CONTRARY: SLACKFIT TEACHES SLACKLINING AS AN ADDED BENEFIT!**

## A COURSE CONCEPT WITH A HOLISTIC APPROACH

### BIO FEEDBACK BODY SENSE

Slacklining improves the body's perception of movement and so enhances the dynamic fine tuning of balance and coordination in regard to time and space. It also improves of the deeper sense of movement.

### COORDINATION

Hardly any other method trains coordination as well as Slacklining, which scientifically improves nerve muscle interplay and thus performance!

### STABILITY

Slackline swinging activates the deep joint-stabilising muscles. Injury prevention through more control and stability of the joints!

### SPEED

Slacking demands excellent reaction speeds so the sensomotoric abilities are trained, improving the muscle, nerves and brain interaction. More speed for the mind and body!

### EFFEKTIVITY

Walking a slackline causes up to 1000 muscle contractions per minute without overloading the joints. Frequent contractions increase the effect!

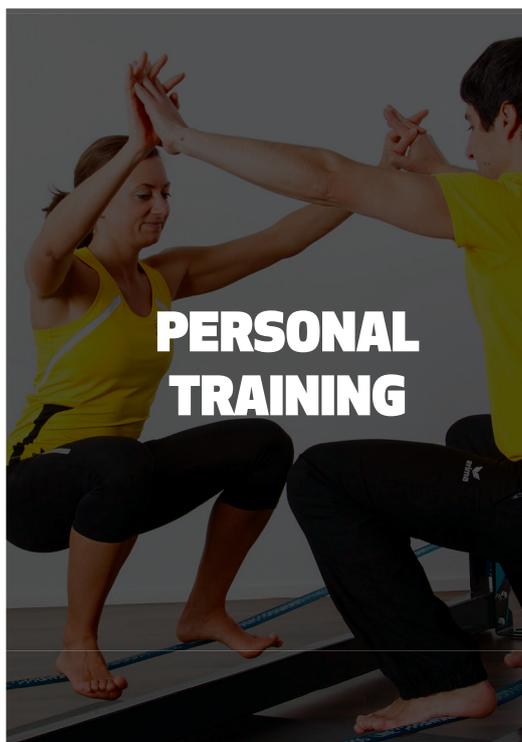

### FUN

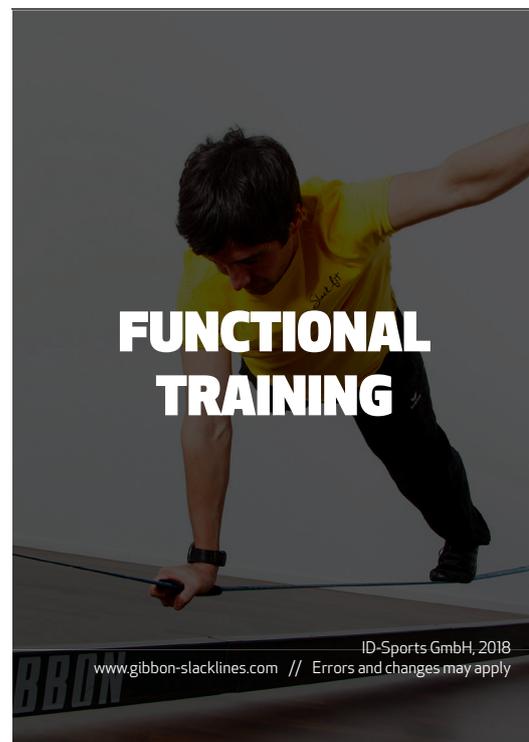

Slackfit stands for lifestyle, adventure, fun, enthusiasm and effect all at once. Regular training as the basis for positive change! Learn how to Slackline with Slackfit!

### THE NEXT GENERATION HAS LANDED!

The new Slackrack has many improvements. As a three part stand alone frame the Slackrack can be set either at 2m or 3m length. In connection with a weight reduction we could create a more compact packaging, lowering significantly shipping cost. Hence the new Slackrack can be shipped without bulky shipping surcharges. The new design makes the setup and handling easier. Only one type of screw is used. The fixing plates allow a cleaner and more rigid fixation. The metal surfaces are powder coated and have a higher finish. The exchangeable rubber feet provide a safe grip on the floor making it ideal for indoor use.

For the launch of this product we have added the fitness upgrade. Including the stretchband for even more exercise options, a professional workout plan as a poster and the app, this product combines family fun with professional "plug and play" fitness.

# FLOWLINE

## THE PERFECT WEBBING FOR DISCOVERING 1-INCH SLACKLINING (LONGLINING)

Thanks to its low stretch, the FLOWLINE is specifically designed to allow an easy setup with little tension at low heights. This makes the Flowline an ideal introductory Slackline for beginners of longlining all for an unbeatably low entry price. With its two ratchets, including spacers, getting the desired tension for your set-up is a piece of cake! In addition, the two color sided webbing helps to avoid twists in the setup.

## THE JIBLINE

### FREE SLACKLINE APP

Now, all GIBBON slackline sets and frames offer a quick link to the free GIBBON APP. The slackline tutorials offer the customer a clear added value and lead them step by step into balance!

### COLOR COATED RATCHET PARTS

Dangerous parts of the ratchet are colored in a different color than the rest. This shows you what parts you are allowed to touch without harming yourself. It increases safety while handling the ratchet and reduces possible injuries caused through wrong usage.

### LONG RATCHET STRAP

more versatile due to long, reinforced\* ratchet strap for bigger trees.

\* JIBLINE und SURFERLINE have 4t ratchet webbing to secure the ratchet

### EASY-SET-UP

Simple and easy set-up between trees or similar solid anchor points. No previous knowledge required.

### DYNAMIC FLAT WEBBING INCLUDING "NEW LINE DESIGN"

Specially developed flat webbing for slacklining (trampoline effect). Continuous rubber print for better grip and orientation on the line. In addition, the stitched loop ends have been reinforced.

### TESTED AND CERTIFIED

More safety, higher value. The slogan of the German product testing institute: TÜV coincides with the core values of GIBBON Slacklines. This is why our core products are certified.

(details, manuals, videos)

Stores and Online Shops

Since 2007, Gibbon Slacklines has held true to the promise to produce the very best equipment. As there is a clear demand for learning how to balance and to Slackline, we sat down and addressed this topic. The result is the GIBBON APP! An easy but comprehensive video based tutorial solution to help you with the first steps of entering the world of Slacklining.

With the GIBBON Slackline APP, we've succeeded at one of our earliest objectives: Connecting People! Thanks to our "GIBBON APP", never again will a user feel on his own, but instead will always have a faithful companion in their pocket to give useful tips about how to use their slackline.

Whether you are a beginner, a fitness enthusiast or a freestyler, new challenges are just a click away. Along with new products from our offer, and much more!

But this is just the beginning, step by step we will equip the GIBBON APP with many other functions, so the possibilities for fun remain as varied as Slacklining itself!

## WHICH SLACKLINE IS SUITABLE FOR BEGINNERS?

All of our 15 m (49 ft) GIBBON slackline sets are suitable for beginners.

The two-part set with a ratchet and the 5 cm (2 inch) and 2,5 cm (1") wide webbing enable a fast and easy set-up. This overview describes the different user skill levels and which GIBBON slackline is appropriate for each group.

## HOW DO I FIND OUT WHAT SLACKLINE IS BEST SUITED FOR MY CUSTOMERS?

As slacklining is done by many types of end-users and for different reasons, GIBBON offers targeted solutions for these diverse needs.

### THE KEY IS THE CORRECT MATCHING OF EACH CUSTOMER INTEREST TO THE CORRESPONDING PRODUCT.

In general all 15 m (49 ft) GIBBON set offers are suitable for the entry level customer. They are engineered to be better for either a low set-up height for walking or more dynamic aspects for jumping and tricks.

## WHAT PROPERTIES ABOUT THE SLACKLINE ARE IMPORTANT TO UNDERSTAND?

In order to provide the customer with useful information regarding the GIBBON slackline systems, it is important to understand the following:

### STRETCH

this varies depending on the set-up and user load.

### STRENGTH

this describes the breaking strength and durability.

### DYNAMICS

describes the amount of energy which is returned by the line. More flex means more of the "trampoline" effect.
