

Estonia-Russia Cross Border  
Cooperation Programme  
2014-2020

**State of Play,  
impact of COVID-19 and  
further steps for the future  
programme**

3 March 2021, Zoom meeting

# ER8 "CuNaHe"

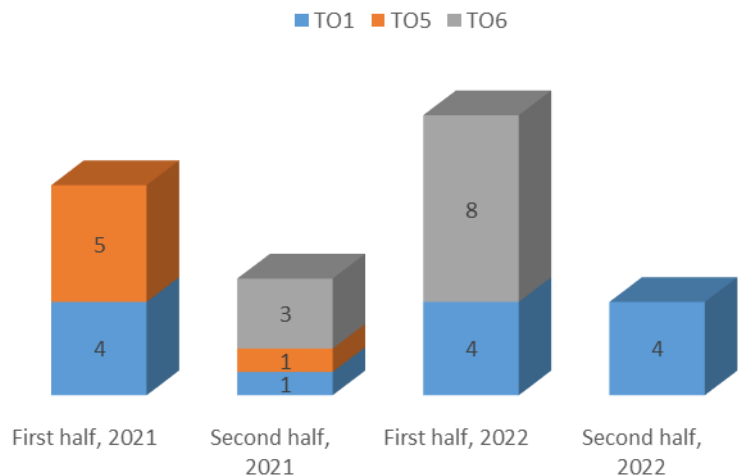

✦ The first project in the Programme is finalizing its activities

# State of play

Distribution of projects by the end date

## ✦ Mid-term evaluation of the Programme

Providing examples of pre-filled reporting documents as a learning material

Projects' outputs will lead to expected results.

Keeping the JTS strong role in monitoring and supporting the beneficiaries on day-to-day basis

# State of play

Savings in the projects

To use savings **for better achievement of results, complementary and new activates,** increased visibility, promotion of results

Programme is working on 4<sup>th</sup> Call for proposals - micro projects

# COVID impact

- **All people-to-people type** of physical contact activities had to be moved online

- More workload for arranging and re-planing activities in virtual format

- Expected results will be achieved as well as filling projects' indicators

# Future Programme

**Preparation process** is in full swing

Programme territory is identified

**Please, help us in shaping the future Programme**

Participate in shaping the new Estonia-Russia Programme

11.03.2021

Online consultation

Programme authorities are inviting all interested parties to evaluate the importance of the proposed policy and specific objectives in order to make the final decision concerning the support measures for the future Estonia-Russia CBC Programme. The online questionnaire is open on website until 7 March 2021.
