

EXAMPLE OF THE LESSON PLAN

Module name: **What is an EduLarp**

*In case that is needed, each module can include more than 1 lesson plan.

PROPOSED STRUCTURE (based on the proposal)

LESSON 1 - What is an EduLarp? How is it connected with Climate Change Education?
Lesson overview
Here we explain the purpose of the lesson, ex. "In this lesson students learn about Climate Change Education..."
Learning Goals
<i>Here, we will present the learning goals of each module, following the objectives and goals from our proposal.</i>
Competences
<i>Here we will present, shortly, which competences will be gained by the students, after the finalization of this specific lesson, based on the competence list that we will decide upon & design.</i>

Lesson Plan

Timeframe: 45 minutes long classes.

Here we will present all the steps of the implementation phase, as for example is stated above.

Type of Activity	Activity	Duration
<i>Ex. ice-breaker</i>	<i>Name of the activity</i>	<i>Ex. 15'</i>

Lesson Description

Following the frame above, we will later present in detail each activity.

Time	Description of activity	Tip for the teacher/video/etc
