PEIPSIMAA KAMPAANIA LOQUIZ ORIENTEERUMISRAJA KÜSIMUSED

RÄPINA 2021

ORIENTEERUMISMÄNG RÄPINAS

KUIDAS MÄNGIDA?

1. Mängu jaoks läheb vaja nutitelefoni.
2. Tõmba oma nutiseadmesse äpp **LoQuiz**.
3. Mine üksi või kutsu kaasa ka sõbrad.
4. Kontrolli, et telefonis GPS töötab.
5. Pane soojalt riidesse.
6. Käivita äpp Loquiz ja logi sisse. Selleks:
kasutajanimi/username: **ökosüst**
parool/password: **1993**
7. Vajuta „Start“.
8. Kirjuta võistkonna nimi ja võistkonna liikmete nimed.
9. Alusta mängu.
10. Vali esimene punkt, kuhu liikuda.
Punkte läbimine järjekord ei ole oluline.
11. Kui oled jõudnud punkti lähedusse,
ilmub ekraanile küsimus. Vasta küsimusele.
12. Liigu järgmisesse punkti.
13. Otsi punkte kuni kõik rajapunktid on läbitud.
14. Kui oled finišisse jõudnud, siis lõpeta mäng.

In the R pina orientation game participants had to answer questions, take pictures or find answers and after the correct or wrong answer to the screen appeared the description and also what kind of ecosystem service it is. In R pina were following questions:

1. The area of Lake R pina has been entered in the environmental register as a permanent habitat for bats and, in particular, the pond fly *Myotis dasycneme*, a protected species of category II. Take a photo with the fly (*Myotis dasycneme*)!

2. One of the highest spruce trees in Estonia comes from P lva County. How many meters is it? (type number, use period as comma)

- 48.6

3. What did the R pina paper mill use as a raw material at the beginning?

- Rag
- Wood bark
- Reed

4. For which (what supply service) the water of the V handu River have been used?

- For energy production
- In household chores
- For swimming and bathing

5. R pina Manor Park is very rich in species. More than several hundred species of ornamental trees and shrubs can be found there? The answer is just a number, there are over several hundred of them.

- over 200
- over 600
- over 3000

6. What is the date of the R pina dam lake? In other words, in several centuries, the lower reaches of the V handu River were obstructed by a dam? (Mark century number)

- 18

7. V handu is the longest river in Estonia. How long is it? (Indicate the number of km.)

- 162 km

8. To which ecosystem support service do decaying tree leaves contribute? (just type the name of this process)

- Soil formation
- drug production

9. Who created the song "Behind the sauna by the pond"? (All names)

- Herman Julius Schmalz

10. How to purify water while hiking in nature? Name 3 variants!

- Boiling • Filtering

- With chemical cleaners
- Close your eyes

11. Create one 4 real nature inspired poem! And read it aloud.

12. This is one of the most important places to consume ecosystem services related to the use of surface water resources. It is used to repel the red rooster. What is the place behind these vases?

- Fire water intake
- Red rooster nest
- Lake Fairy Home

13. Rāpina manor was built in the 16th century, however, nothing of the pre-Northern War buildings has survived, as they were burned in the Northern War. In the middle of the century, however, was the manor-barn of the manor built? (write a hundred in numbers)

- 19

14. Here is one large and coarse tree that is valued in furniture making and interior finishing because it is strong and durable. What fruit is this?

- Oak

15. Which fish does not live in Rāpina dam lake

- Tour
- Salmon
- Turb (in Estonian)

16. Lake Rāpina is part of a pan-European network of nature reserves. What network?

- Natura 2000

17. Here in the park there is an old building hidden among the trees and leaves, where something was stored. What building is this?

- body shed
- basement
- grain tray

18. Do three strength exercises (eg arm bends, chin pulling, squats). Let a friend film :)

19. Here you can take a beautiful photo of yourself through the yellow frame. 1 20. Good, you've built the track successfully! Now, make a selfie with an ecosystem service.

21. Look for the tree cavity and put this home howl in the nest!

22. What is this tree that both Estonians and other European nations have considered a sacred tree, and which red berries are also appreciated by birds in late autumn? It is also a medicinal plant.

- Rowan Ferns, Aces Gardeners

23. In this tree circles there are 13 trees. These trees play an important role in the treatment of colds in folk medicine.

- Maples
- Aces gardeners
- Rowanberries

24. Ohhooo, is it really snow? Take a beautiful photo of yourself or your partner! 25. Look, those bats again! Take a nice photo of yourself and the bat swarm!
