

“Looking for Cowslips” observation form

Date:

Name and contact of person or team:

Site location (*name of village, coordinates*):

Are there trees or the site is open? Please take pictures of the landscape and send these to info@nurmenukk.ee.

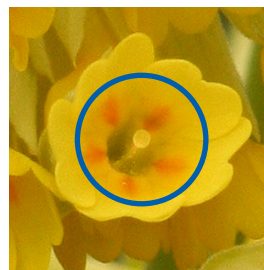

Density of cowslips (*underline*): some, tens, hundreds

Notes:

Examine closely 100 flowering cowslip plants, mark how many of those are L- style (long) and how many S-style (short). See an example below how to mark plants (5 in a box).

S-style

L-style

				Sum:

				Sum:

PS! If possible, please insert the information to <https://nurmenukk.ee/observation> or send it to Lai 40, 51005, Tartu, Estonia.

We keep your data safe and won't share it with people outside of the campaign. You can find more information from nurmenukk.ee/en.
