

TRANSPORTATION TO TARTU

If You're Arriving via Tallinn Airport

The most convenient way to travel from Tallinn Airport (Tallinna Lennujaam) to Tartu is by bus. Lux Express buses depart directly from the airport every full hour, with a travel time of approximately **2 hours and 20 minutes**. Tickets can be purchased in advance at tpilet.ee/en, or on-site from the driver or a ticket machine (note that seats may sell out, so advance booking is recommended). Buses arrive at Tartu Bus Station (Tartu Bussijaam), located in the city centre—just 200 metres from the AHHA Science Centre. You can get a **30% discount on Lux Express standard seat tickets** by using the **promo code NSCA25** when booking on their website.

While train connections from Tallinn to Tartu are available, we do not recommend them, as the train station is farther from AHHA and trains can be overcrowded.

If You're Arriving via Tartu Airport

Tartu Airport is located about **10 km outside the city** and is served **only by Finnair**, with flights to and from Helsinki (Vantaa Airport). A local bus line connects the airport to the city centre. More information is available at www.tartu-airport.ee/eng.

ACCOMMODATION IN TARTU

We have arranged **discounted rates** at several hotels in Tartu. Use the **promo code NSCA25** when booking directly on the hotel's website (the discount does not apply through booking platforms).
