at the apartment in BK I used to dance naked as a contact improvisation dancer. I did workout, practiced movements of ballet and capoeira. In different directions too as so the body breaths and vibrates so like the body of a dancer that does not get stagnant if they stop along with the knowledge of anatomy that involved about 700 hours of dedications many often of lectures with hands in and out of the drawings and modeling. modeling meant built the bones then the inner muscles then the upper muscles and as i did in eveery class I organized rather than to finsh both legs etc in one side I left the inner muscles on the other side the inners then the upper. Sometimes groups. SO when I touch too and when I model i touch all levels

And you were all taking from within so to that E-corche piece as you did not allowed anything so i put you to those people taht were already like the time they stopped the sale or to go to the conquest of Luxemburg when I did Time Space and Light. I mean you said that is fine, that for woman that is fine - but you know waht kind of woman - i shwoe ti to god! as an offering i guest as tyey epressed hemselves and i put it on trash .

33% so it is the resposible of hat one. One said if by then they did not becasue they wanted so the thing in the middle is what needed to have been gone like tht. Many i believe have lost the right of land so a pile of trash i thing would be the best . but it should be organize so they know and there are pepe realdy for that.
