Certificados de autoridades y autoridades

It means Certificates of Authorities- what authorities with their titles do and his difficult that they get what they put. Like a model that uses a longboard as it promotes fashion with movements that are stolen the brand and the long board company goes down while the man model goes with the money then the next is like a threatenign. so it bothers the liver the heart the circulation of karma etc.

As it is and a new circle of dragons has been form and rose. There are foundations that were created or being born like the idea taht Perelandra Natural Foods got into fruition and a chain of effect created the movement of Natural Organic Food Stores.

At some point within a conversation I expressed the idea that the depleting condition of a compAny like that was the approaching of another circle. it was part of one of those reviewing companies moments.

The way is formulated by me at the moment and intention it the owners and they move on too and people that work there. over my jumps and adventures in NY it was part of it that I was places, companies and people I worked with and for.

The title and this certificate is a counterpart of one dedicated to Perelandra. As when I was learning some studies there was influence with co-owners- It also liberates with the of the movement that created it connecting but not connecting different conflicts around the world and the resolutions and the the US. or EE.UU.

of the situations described within and the certificates_ I found that they were stopping the sale of my art for so long and long times. The reason because I was born within a family of little resources and made myself emotionally so i overgrew my family of origin tree. Still. Like i need to always work in the food industry because of it. like a curved ball that ages the body I decided that my art would be beneficial like a great meal.
