- que es el plan que teneis por aqui con uestras acedurias de aqui y de alla de hombre que va invita despues de ser seducido y luego dicen y que hace aquí? y luego dicen un dia lo pillara con las acedurias de los otrls trral y cual con trazas del crimen contra RL o contra YG. O la Proja alemana. De camaras ya teneis bastantes\_ y la usais para confrontar ssianru con dinero pubico.

\_of the pastic thins there was a wish of stupind things - am sorry there was people working at a store providing food like i did an in ways tht are more eficiente. So at a school there was a magnetic field of test just in case they get a flu or some virus or de covd -19 and remember that what ou call Omicron was a variation stolen from me whe n i was doing the painting time space light or time before time light before light and space before space. may you know that that test creates a magnetic field mixed with electronics and interneres and there fore rather than to complay with the general rules between staying at home or doign the test i put a little bit of water in the text as to teach the element of water the difference. no the water in the fish tanque etc etc etc etc etc.
