Me encuentre hoy cuando conteste a R VS G that tjtat was using my money and the light of my art to deal with Court Issues and the damage they did to women when in reality for the most part were men getting or taking. Hoy me corte los pelos y vi marcas por la fascia las cuales ya no deberian estar especialmente desde que toque por 2 horas varias músicas en el instrumento de piedra dado y luego fui besado desde dentro se llevaron de todo y dejaron las marcas. Gracias a que pare me di cuenta de lo que dejaron y lo que hacian así como de los efectos en los organos y de como le daban todo a las mujeres modelos en contraposición a mi propia familia.

De_ Me hicieron ir al Nackraker para ver si sabía lo que hacia Fall 2023. Asi de aburrido. Asi que seguí esa marca hasta que encuentre el objeto que usaban en la casa de mi tía y estaban matando a mi prima favorita a mi coste. Y a í el 5 de Enero dia de Reyes cree una trampa con objetos comunes y asi diseñe un objeto para la nueva Era lo cual es tambien ella, mi prima. El drama es descubrí los Reyes y lo que hacian en una fiesta al comeer ciertos cereales. Tjtat said tht if I dont stay connected with a woman from the Netherlands to support Freya traditional clothign I will stay with a fello Svik redhead woman tht is understanding the drama in Israel dynamics. That wanted us to remain in MA with them rather than within and ...

Asi encuentre un dia cada dia: el modelo y la marca, el modelo y el hacedor de instrumentos, el que robo el fuego más elevado desnudo en el eclipse de Escorpio de FUEgo en un fuego de grande con música y cerveza - good luck with making me that is the reason they remove the women that saw me drinking Wales, or England or OI because they know I am wonderful and I enjoy, etc as I was designing performances-plazas instalations in which there would be relations ubilt and someone took that light to get into women from behind, it they say I built them and then they find them with the light of one self and they can not avoid it and their bodies actually report that is a response so they dont get abuse and they said that if they report they would kill me and my family in response that is whi they are marked and like two are to do the sculpture art.natura so they know for getting within they created that rain in Pycaña and that potential water that I saw i nthe Jardines del Turia which is within people because of those two of the golds_ The golds relates to Alexandria, Alejandro Magno, etc I como murio solo segun la historia que leí cuando no llego más adelante_ en otras tambien signifca que las trompas esencias femeninas as a rspone will close their potencialities::

_ i worked out to have that bodie for many years and they wwere taking it for very long_ who thinks one would sacrifis his own family and as one knew started to reformulate a name ! Loaln!" so to recover what they took and to get what they left behind which on top is their own wish to be gusys gays and to be then because they were conscius to work with a public service like they said they were leaving them ready.

I spoke with my ant: that my purpose is higher than my wife and son so as to be in a greater life than the one that was given. Like she wanted to be living in a special type of neighborrhood and i designed one: that they were taking too. So by default as the reference that I had was one from MA, they will have tht kind of psychology::

_ i put objects i nthe pictures and like i mentioned with it can go the companies too or just one object AnasB was a written artique that i did and I foudn what they were doing with a principal connection_Also tht they were using my book that i unpublished and they were putting that on me as well. Etc.. I spoke with my cousing. A very interesting person and I said someone is doing that to your sister, someone is taking my sexuality consciusly to have sex with woman. Obviously he laught and there would be a pull. He will walk, he will buy, he will be pull to tht town or place to sleep at night as he said he did the pilgrimage of the Camino de Santiago like I slept outside, And he will show the certificate as he walks or looks or finds food. And he will arrive, and would get at least a good sopapo en la cara o en el vientre o both, and he would keep the certificate or he will sing it and keep a copy. From me would receive 50% of werever it is. not from him.
