- at a place in SSSS one ate some nice meals and saw the good heart within and everyone has his history or story so i dont get or get into. Th salchiches were great, the fire pit good. At a place i said at a tombola the stick on fire would burnt there. and it did. the fire was. The spheres were on the land rather than in the land. which is where it and they belong. Of praeys darknes rises and built fro mthe grass up in rains and brakes the tops of the trees. Becuase of the fire and the momento fo the release, some fires were release and the gift was that to get into music was a possibility while enjoying a beer rather than to be dry. Structures hat can be trascendet__

darkenss acumulates things happnes. teh thin thin the very thing at the otoo too said abuser one thinks too like at a shade of a lake or reservoir a fisher man in the morning was waiting for the fish. the right place to so they hide withing the sades of a tree. dark shapes of the light were walking by down or up the sides of water hills. a totem is to keep a cross up that may help you to always remaber and alwSis to to pray. th dears alwys shows that many supported my work and gided every day. every that a jwa from a coyote i was i was i saw by, felt to as an object and rather made a kanji. of the kanji before a jaw i saw a stick i used to lift it up so i dont even want to touch a jaw of a coyote found but you know what it was a lifting of so from the body it should have gone to the others or buyers as archeytpes and so you know allll has arechetypes and all has malej and alll has that so oyu know that was perferc even the archetype that rpesrente htey runes _____°_ and it comes from the one that studies the runes made the book the rune saids do you want to be famous-reach or wiser. One chose wiser so the book sold wath needed to be sould and then it was unpublished. Then at the broken tree by the winds, always there is a representation of nature like those two trees, like the drawing said - open eyes - really. all of you have and all that money and your own eduction like dances. still taking and living behing the old or protocole of you? may you know the ma - open cans of pumking so that aspect of life does not get dirty iwth your conscius or unconsciis doings::: you know . it would be like taking the torah or the bible or the original writens and to clean your batt with with it__ taht i put oout as an example of elements archemist so the alchemist that found is ooff adn like he said on a n eclipse he was waiting the man that would change the planet by redirecting a course of life into the living life of life did__ the kind of Bastos was. At the tree an aspect tat was withing from both or three sides rised and expressed itself along with other places ::. then pictures were taken. the half tree show then the purposes of runes and how they started::. after that form balance of one walked the head halves of the tree that life pull of the recognition of those reals are halsf ways ..
