

CERTIFICATE OF AUTHORITIES AND PROCEDURES

Dear Eugene. Una vez grite prepararos para la guerra en la camara de un tricker el cuyo diseño una serie de envios al apartamento y junto antes de que se cumplan sus deseos senti y di una patada a un paquete y lo puse en su puerta. A la mañana siguiente robaron el paquete y lo encuentre la caja unas casas más arriba. A las dos vecinas les dije oye a veces toco o interpreto tal y como hago arte por unos 5 minutos o así si os molesta me lo decis. Y se lo dijeron al que alquilaba cuando acumularon enfado.

En frente donde se expresaron trajeron muchos equipos incluso para grabar maratones. Como chickens i will say or ducks that flies like shoes on top or the racoons that came done. La casa de en medio un compositor que disfruto de la música cuando la oyó. la casa de mas abajo las vecinas que comenzaron a disfrutar del sol y de comer fuera en el porche pues uno lo hacia.

Litter no litter means actually with purpose and my purpose was clear to enjoy the rental unit within the rental unit and shared spaces along with the view as they enjoyed and they miss it. A lulaby I sang on Halloween. A boyfriend of one said that man again because i was seating on a chair waiting for ice.cream and his girlfriend looks at me so let go. Someone from the building below did somethign with the fire within the differnet houses a house and in front a House.

At some was reading a book about India, an Indian woman came, she was cheeking the class on the road, the two that ignited th fire on a car. A bottle of water I gave her as it was a hot day. A subnormal person was leaving near by so noone runs alone. Eugene 746 19
