Certificado de acuerdos

i invited my ChiGong teacher Melisa to be portrait_et_a pleasure for woman rather than those that takes to get into woman and then have sex with then adn on top of that i dont put it or burry her child like i traveled to India then the Camino, then followed agreements done - see if you walked and get that close and then an agreement and see if you woudl follow those agreements and then to the next which i saw her once coming up a street to the calle de la Victoria - but i did not suck the cock of bratt pit_ A saber que hubiera pasado si no hubiera viajado hacia ella - probablemente no hubiera encontrado el lugar donde estduiar anatomias _ pues hubiera no tenido la capacidad emocional de permanecer. hubiera sido uno de los 20 que se fueron al final antes del cuerso pues cada vez trimestre o cuatrimenstre 1/3 se iba. y asi en el segundo grado estaba con gente muy linda e intelectual a muchos niveles aunque bueno... de todos casi todos_

**final antes de
grado estaba
si todos_**

Q iGōng practice. 365 hours + 52 hrs + at least 90 hrs with the lighter practice, with the practical minimum at the lake then a swim, early morning swim, at the shore of a distant end of Long Island the police came when i had the half loge on the shore and said "you know what you are doing". Sometimes i drive without shoes something that reduces the one second responsive and that hum is only exist when like i saw a woman on a jeep in the US driving without shoes . Or when i entered a Hockey game and said "now i can exist".

Because they will not give you a certificate only to use them to make money or to sell them off to other people for nothing
