- that if I have balls to do in person what I did with axes and trees; humm i was putting wood and emotions where they belong too like traces fo life so to return what they took and to take what they left behind.
 - 2 trees cut of what rises is all teh same like malva
 - thye are still here that is why that still calls my attention - the ones that took create drama or got within the wheel of life and chakras
 - they made me look for abandone furniture like I just moved to Seville like a nebew to be in an apartment with some fellows.
 - from behind they harm a child and another children- as the book mark was a representation of children that meant children - like the knife point almost made m ywife cut her hand from the middle with a buttler knife like this year i marked him in m ybary hand to go and be - who know to man yahs put out ofdesnitny and of of destiny
 - the mark in the car of water like waiting for the book or one thing ot be done for another —
- the peluche is next - the one that is out belwong withing
