On summer 2023 when i traveled to a land of which i did not speak the language and before i walk over a land of mud over the fance of a representation of some dinamics of hourses vs spirits. As they were no letting sometingg go because they said until they buy i wit ha gesture send the karma to those that belong which are or were the buyers. Later someoen from within used light for an implosion like a granada. like those cartoon in which something explotes within their hands. 3July i let go some that thng to a couple and they ytook the best instead of help.
