1- The system in Moron said and from there like the SPanish COnsulate in NY taht my documents would be updated. But did not as I found out when I was applying for my Citizenship as an individual in a relation. A simple way to recognize and keep the light of the help and trust that was given before. otherwise would have lost the trust that was given by the previous family and as we walking we did rather than structure.

2. when celebrating culture in Stafford Springs, call SSSS for the reason would read. wE were celebrating applying the experience in Brooklyn in many books and studies therefore than as they using the internet of the neighboords. they got very when It wasthe time of the culture. Like when I went and a beer at a great taco said it was like a reborn for like when at the beach on coast had tacos with a sent a messege to France mean left the other side 3- like i nEugene they were internet\_ so Vharhala is from it\_ Jus to the end like from the ethereal realm.
