Sepan que en la coleccion me23\_ aminlove is more the personal segment in which i was processing the light of the studies by practice qith the body aswell like all religions evolves . but. That there would have been by the sale a vibe which is a solution to many platforms that at the end kept creating the same circunstances but the same circunstance for no allowonces are like loosing the mind and the qualities. It is in general a tone in life in which for example rather than the tringlering stealing and thieferi an fears a t the front the fiera makers or doeers to be at front for example or from the top of the trees like the hunters liked to hant for dears while scareing eeryone i nthe fores t or walks. Or like a new game of Chest and damas has emerged rather than the maniac thing of Chest . so there is a thecnicla comparission that is whi like the ex drog gacited calzone place you may yourself to play with pans pan and glasses.

like for example of a video minotaurio rather than so \_\_\_ rathr than runnign or like those of that movies— there is a vibe that needed change decisions and to the other segment of none skin unsesntisitve or like and that is when feeling that somethign or ymay find some freedom of stress l..... like that of the highe speres has to deisapiear ,,....
