Levante & Levante Circle

Each rug in this collection is a harmony of hues, reminiscent of tranquil green meadows, warm sandy beaches, or dancing ocean waves. The contrasting light and dark lines are created through the principle of circular knitting and the inclusion of four robust colours. They are then sewn together, interchanging the light and dark strings to create eye-catching rectangular and circular shapes that will transport any outdoor space into a world of its own.

Nautilus & Nautilus Zeta

Those beautiful collections are made of 100% polypropylene and suitable for both indoor and outdoor spaces.

The rugs are handmade with the utmost care and precision. Their ropes are realised through the process of circular knitting. One by one, they are meticulously twisted and woven into a tight and compact rug.

Nautilus Zeta figures a subtle herringbone in 2 colors while Nautilus appears in 1 color.

Orbit

Our outdoor collection Orbit showcases a new labor-intensive production technique that underscores the know-how of Limited Edition.

Orbit is crafted in 100% polypropylene, making this rug very robust. The designers were inspired by brutalism when developing Orbit. Both its color palette and its pure design bring tranquility. Orbit is only available in a circular shape and three different shades.

Maintenance

1. Remove leaves and loose dirt that are left on the rug. Use for example a leaf blower.
2. Add soda crystals to a bucket of hot water. This is all you need. Never use highly acidic cleaning agents, bleaching products or white spirit to remove stains from your rug. This will cause discoloration of the yarn.
3. Take a medium hard brush and soak it into the water. Never use a high-pressure cleaner on your outdoor rug.
4. Scrub until all the stains are gone. How long you have to scrub, depends on how persistent the stains are.
5. Make sure to rinse with clear water.
6. Let the rug dry completely before storing it during the winter time. Don't fold it, roll it up from the short side and make sure it is kept horizontal while stored.
