Preface

This is already the seventh yearbook looking back to the latest speed skating season in Estonia. The Estonian winter of 2011/2012 was cold enough for speed skating. Unfortunately sometimes a bit too cold to skate. But nevertheless there were quite some competitions on the long track, marathon and even on short track.

This long track season started with news from the Kia Speed Skating Academy. Mart Markus and Saskia Alusalu moved to Inzell to join the club of Marnix Wieberdink. With Jeremy Wotherspoon they had an ex-skater of international top level as a trainer.

At the national championships Saskia Alusalu won the title for the 4th time. Mart Markus could do the same but this time Eerik Idarand was too strong. Eerik won his first allround title. The juniors Aleks Luik and Marten Liiv were strong in the junior category. Marten Liiv skated even the fastest 500 meter ever on Estonian ice.

Again the Junior World Cup gave the skaters the possibility to skate more often under good circumstances which resulted in some national records. The Liiv brothers and Aleks Luik pushed each other to a higher level on the shortest distances. Unfortunately only Saskia Alusalu was allowed to participate at the Junior World Championships in Japan. The ISU limits were an obstacle to send more skaters.

Ten years ago it was not the first ever competition in Adavere, but it is the oldest competition I know of. On 8-2-2003 the fastest 500 meter of the day was by Aivar Kamenjuk. He needed 66.66 seconds. Ten years later Marten Liiv needed only 42.40 seconds.....If Estonia only had a real 400 meter track.....

Leusden, May 2012.
