Preface

It is april when I look back at the season that lies behind us. A lot has happened. The level of speed skating results is rising, not fast but still. The number of competitions in Estonia is more than in the past years. The amount of participants is more than ever. In February we had a competition with more than 100 participants. We could count 16 national records, the first already in august.

Then there was news that a new artificial 400 meter rink was planned in Tallinn. Unfortunately, as it seems, this will not become reality. So, for the time being Adavere will be the only icerink for speed skating.

Aleks Luik won the Estonian allround championship. It was his first title in the men category. Saskia Alusalu travelled from Inzell to Adavere to pick up the title in the ladies category. Both won all distances. However, Marten liiv his samalog points were better than Aleks Luik's , but he competed in the junior category.

This year there were only two marathons organized. The 5th Kalevipoja uisumaraton was scheduled for February 2, a month earlier than in previous years. Two weeks earlier was the fourth edition of the Mulgi uisumaraton in Viljandi. The number of participants was not as much as in previous years due to less promotion.

There was one short track competition, organized by Sandra Alusalu. As there is still little chance that ther will be a 400 meter track, short track might be a good alternative for long track speed skating. The available artificial ice rinks are suitable for short track speed skating, so training facilities are not depending on weather conditions.

Marten Liiv's 37.94 could be called one of the most remarkable results of this season. The first Estonian ever below 38 seconds on a 500 meter. Last years his personal best was 39.05. This season he was faster 11 times! Aleks Luik also made a huge progression on especially the 1500 meter. He was faster 7 times than his best result of previous season. Concoidering their age, progression is still to be expected if they continue speed skating. Will we see them in Sotchi?
