Preface

We had a succesful season when considering the international performances. Saskia Alusalu was participating in the World Cup cyclus, in the European championships and, for the first time, in the World Single distance championships. The mass start in Heerenveen resulted in a 10th place, and her first ISU prize money.

Estonia participated in the junior World Cup with Marten Liiv, Kaspar Kaljuvee, Mariin Sarap and Tuuli Vaher. Marten Liiv participated in the Junior World Championships, Warsaw, on four distances. In Medeo was the World University Championships with Aleks Luik as competitor.

We had new national champions in Marten Liiv and Mariin sarap. The title for Marten Liiv was no surprise. Mariin Sarap picked up the ladies title, by absence of Saskia Alusalu.

In Estonia the weather did not permit many competitions. Some long track competitions had to be cancelled. There was not even one marathon competition. All races had to be cancelled. This has never happened in the past ten years. Even one of the three Short Track races had to be cancelled.

It is remarkable that there is still hardly any Short Track skating in Estonia. The condition are far better than for Long Track speed skating. There are some artificial 30 x 60 meter tracks, which allows skaters to be on the ice already in october/november. Moreover, multi-discipline skating is more and more practised world wide. Examples as Harald Silovs, Shani Davis and Jorien ter Mors are world class skaters in both disciplines. Sandra Alusalu did some pioneering in the last four years, by organising some races, and Mart Markus started a coaching carreer. Now it is time for the EUL to give it a boost and challenge the best speed skaters and Inline skaters on the Short Track rink.

Leusden, the Netherlands, May 2015.
