

The ideal doorbell for your house

Wireless doorbell series CALIMA

CALIMA is the doorbell series developed for the **individual requirements** of modern everyday life. The doorbells of the CALIMA series adapt to your needs with **useful functions**. In addition, each individual CALIMA comes with **special highlights**, such as night light or streaming music.

Coloured LED light ring

Also informs visually that a visitor is at the door. Select the colour and type of light according to your liking.

Menu with voice prompt

Easy to set due to a clear menu structure, the voice output and two discreet menu buttons.

Take it anywhere in the house

Interference-free radio connection with a range up to 500 metres.

Mute and snooze function

When you want some peace and quiet in the house.

Multiple call differentiation

Informs at which door the bell has rung.

Highlight
Stream music
via Bluetooth®
with Calima 800
