

Ding
Dong.
Ding
Dong.

Open the door or
play dead?
Who would you open
the door for?

vidoora

Nice to know who's ringing.

Stays 5 seconds.

Stays 5 hours.

The smart video doorbell
#nicetoknowwhosringing

[vidoora.de](https://www.vidoora.de)

vidoora features

Wide-angle camera 160°

160° diagonal image capture for a better view of your front door.

Night vision

Powerful LEDs provide detailed video images at dusk and at night.

Illuminated nameplate

The digital display shows your name. As soon as the sensor detects movement, it switches on the lighting.

HD quality

HD video resolution with low data consumption and optimal picture quality.

Security

Access the door station camera at any time to know what's happening at your front door.

Barrier-free communication

Icons and voice prompts communicate call status for hearing or visually impaired people.

Compatible with Grothe radio chime

To ensure perfect interaction, vidoora is compatible with Grothe radio chimes.

Low data consumption

Despite HD video resolution, all vidoora products convince with low data consumption.

Open the door or play dead?

vidoora leaves the choice up to you. Check who's at the front door from the comfort of your sofa or while you're out and about. You decide via app whether the guest can come in or whether you are not available at the moment.

Know who's ringing -
no matter where you are

Your smartphone as
door intercom

More security for
your home

The matching vidoora door station for every facade

Freedom, mobility and security

You want to relax in the garden, but don't want to miss the postman? You're stuck in the evening rush hour, but the pizza delivery guy will be there in five minutes? No problem! From now on you'll have the front door in your pocket and won't miss anyone. Ding Dong! Now you're always at home, even when you're on the road.

vidoora shows you exactly who is at the door in every situation. Are unannounced visitors or unknown persons knocking at the door? From now on you know without having to open the door first. Dangerous situations can be recognised immediately, which is why elderly people and children benefit particularly from the security.

App, App, hurray!

Download the **CallMe** app from the App Store or Play Store. The vidoora door station harmonises perfectly with the app. The following functions are available in the app:

- Accept or reject the call
- Have a conversation with a visitor at the front door
- Open the door
- See live images from the camera
- See missed calls
